College Officers and Clubs

The collegians met at the beginning of the school year and elected the following officers:

President	Richard Williams
Vice President	La Vern Adix
Secretary and Treasurer	Jean Wissler

Committees were later appointed to take charge of the financial and social affairs of the junior college. A Science Club was organized at the first of the year,

Debate

The question used in junior college debate circles this year was one that was especially interesting and debatable, considering the present economic condition of the United States. It read as follows: "Resolved: that the several states should enact legislation providing for compulsory unemployment insurance". Because of the difficulty of obtaining critic judges and because there is a good deal of criticism of local judges, most of the scheduled debates were non-decision ones. These proved to be very successful, but were the cause of Boone's ineligibility to enter the state debate tournament at Iowa City. Each junior college, to be eligible for the state tournament, must have competed in a specified number of decision debates, and Boone could not meet the requirements. Dual decision debates were held during the season with Fort Dodge, Mason City, and Webster City.

The Boone squad, composed of Richard Williams, Loren Lair, George Higgins, LaVern Adix, and Kenneth Dodge, was coached by Dean Thorngren. All of the men were experienced debaters and, consequently they were able to do some splendid work this year.

but disbanded at the close of the first semester. The French Club and "Y's Co-Eds" were also re-organized and provided additional social life for the students. One party was held each month during the school year. As a whole, these parties were well attended, and the diversified forms of entertainment succeeded in maintaining the interest of the students in social affairs.

One unique meeting of the French Club was held in February at the Y. W. C. A. in the form of a French banquet. "Bien entendu", everything was in French.

"The Swan"

Far from ordinary in lines and setting was "The Swan", a romantic comedy, presented by the junior college. The plot of the play is based on the frantic attempts of European royalty to regain their thrones at the expense of all happiness. Sacrificing her love for Agi, Alexandra, "The Swan", as she has always been called because of her proud beauty, accepts Prince Albert, an heir-apparent.

The experienced members of the cast maintained their traditional standards. Those who made their first appearance in this play showed the results of original interpretation plus excellent coaching.

J. C. Basketball

Coach Larry Evans was very well pleased with the junior college basketball season. Larry's personality was a strong factor in determining the success of his splendidly coached team. He is a coach that has the ability to make much of little, although his material this year was far more promising than that of any previous year.

The junior college Bears enjoyed the most successful basketball season in the history of Boone Junior College. Playing a schedule of eleven games, they were defeated only twice—at the hands of Ft. Dodge and Ellsworth Junior Colleges, respectively. The Bears were not allowed to enter the state tournament because of the fact that only two teams could represent the Hawkeye conference. Boone finished high in the conference but was not allowed to enter the tournament because it had not played as many conference games as had Mason City and Ft. Dodge. However, it is hoped that by next year the conference may be split, and thereby allow a more equal representation.

Girls' Basketball

The junior college girls' basketball team was later than usual in getting organized this year. Nevertheless, it had a very successful, if short, season. As has been the custom here, only inter-class games were played. Practice was held each Wednesday after school, and games were played with the high school class teams. The girls also participated in the girls' basketball tournament which was held during the last week of April. The squad, selected by Miss Parks, consisted of the following: Madeline Anderson, jumping center; Violet Smiley and Margaret Potter, running centers; Ruby Allen, Ida Mae Mosher, and Lois Stemple, guards; and Romona Swan and Henrietta Roberts, forwards.

The Co-Eds were represented, also, in the annual high school swimming demonstration and the May Fete.

Junior College Society

JUNIOR COLLEGE PICNIC

The initial social function of the junior college was a picnic held on September twenty-fourth at the Des Moines Y. M. C. A. Camp. Classes were dismissed at three o'clock in the afternoon, and the students left by auto for the "Y" camp. A baseball game was the main event of the afternoon, although a few tennis fans made use of the splendid courts. After the sports, the social committee served a picnic supper. Phyllis Davidson was in charge of the arrangements for this affair.

DANCING PARTY

The high school gymnasium was the setting for a junior college dance on October sixteenth. Each student was allowed to invite a guest, and in this way a larger group was possible. Many "mixers" were attempted but weren't so successful, as most of the gentlemen preferred to remain with one partner during the evening. Fred Mauck's orchestra provided music for the dancing.

HARD TIMES PARTY

The depression was very much in evidence on the evening of November eleventh, when the collegians met for a "hard times party". Jack Tillson, dressed as a "sweet, young thing", quite captivated the hearts of all the young men present. He and Dorothea Fitzgerald received prizes for the most original costumes. Bunco cards, and dancing were the forms of entertainment for the evening. The social committee was on hand with appropriate refreshments at the close of the evening. This party was pronounced a great success by everyone that attended it.

ALUMNAE DANCE

During the Christmas vacation, many junior college alumnae returned to their homes here. The collegians thought it much in order to hold a dance in honor of these former students. After a charity game at the high school on December twenty-second, the gym was cleared and a dance held, which was enjoyed by a large number of alumnae.

LEAP YEAR PARTY

The Co-Eds were hostesses at a covered dish supper on February twenty-sixth. The meal was served cafeteria style in the domestic science room. Most of the students then attended the Boone-Oskaloosa basketball game in the gymnasium, while the poor, over-worked committee washed the dishes and prepared the room for dancing. For the remainder of the evening card-playing and dancing were the chief diversions, although the students condescended to spend about a half-hour in playing old fashioned games. The chaperones for this affair were Dean Thorngren, Mr. and Mrs. Welker Bechtel, and Miss Johnson.

ACTIVITIES OF THE Y's CO-EDS.

"A "get acquainted" party was the first activity of the Co-Eds this year. At this function the freshmen were guests of the sophomores. This stimulated an interest in the club, and made possible a hundred per cent membership. Luncheons were held alternately with the evening meetings, although the former proved to be more popular with the girls. At these noon luncheons, several interesting talks were given, but often the entire time was devoted to round table discussions. The officers of the club for the year are:

President	Phyllis Davidson
Vice President	Jean Sandell
Secretary	Greta Peterson
Treasurer	Lois Stemple
Social Chairman	Irma Nelson

JUNIOR COLLEGE BASKETBALL—(Continued from page 80)

Captain Dyer's consistency in controlling the tip-off, and also his fine leadership made him one of the most valued players on the squad. Reid and Canakes, stellar forwards, accounted for the majority of the three hundred two points that the Bears piled up during the entire season. This alone pleased Coach Evans as much as the number of games won.

The season's record is as follows:

Boone 26.....	Alumni 16
Boone 31.....	D. M. Catholics 16
