

Teen Talent Contest to Be Held in Boone

BUMBLE 'B'

QUESTION OF THE WEEK

"Boy, if I had a million dollars!" Sounds pretty good, huh? But nowadays it seems as if everyone would be satisfied with \$64,000. Anyway, here's what a few of your friends would do with such an amount.

Rich Byerly: If I had \$64,000 I'd eat up town at noon.

Pat Saylor: Give it to Romey to give to 'someone' else to spend on a party.

Bette Hicks: Buy a car (Studebaker, naturally) and take a trip to New York to try for the \$100,000 question.

Johnny Manriques: I would pay my shop bill; then Mr. Thompson would be very happy.

Fran Duncan: I'd frame it for awhile, then I'd spend it on everything I ever wanted.

Jim Anderson: Buy a farm and start farming.

Tom Miller: Buy Bob Harder's hot Ford and spend the rest trying to get it to run.

Koreen Ballard: I'd give it to Sandy to give to Pat to give to Romey to give to 'someone' else to spend on a party in the 'House That Jack Built.'

Phyllis Hawk: Build a rocket ship and fly to Mars.

Dick Wilhite: I'd build a large gym in Moingona Tech.

J. Peterson: Pay off all my debts with the money that is left after the taxes are taken out.

Sharon Eisberry: Buy a Cadillac like they show on the \$64,000 question.

Jerry R. Johnstone: I would take the money from 'someone' else and combine it with my \$64,000 and we could have an extra large 'party' (ball).

Elaine Blaess: First I would hide it where no one could find it; then every day spend \$1,000 or more until I had it spent.

Don Schroeder: Pay my bills and put a three-quarters racing cam in my car.

Oh, well, we can dream, can't we?

Gala Night in Boone

"One of the highlights of the fifth annual Hi Ki Kapper party for the juniors and seniors of Boone High School was the election and crowning of the king and queen. Jim Manriquez and Kay Navey were selected by ballot as king and queen and were crowned by Kenneth Doolittle, Webster City, Iowa-Nebraska district governor of Kiwanis and Don Reed, president of the Boone club. Some 250 boys and girls were present for the all-night party at the Rialto theatre and the Blue club. A fine state of entertainment figures appeared during the early morning hours and that, combined with danceable music and finally breakfast, kept the young people going full blast until about 6 a.m. Saturday morning.

The young men were all decked out in white dinner jackets, black ties and their best behavior as they escorted the formal-gowned young ladies to the annual Boone high school Junior-Senior prom Friday evening. The girls were all gorgeous in many various formal dresses from the ballet length to floor length. A part of the grand march, which opened the dancing at the high school as they entered the 'lost of this world' decorated gymnasium for the first time. Dancing continued until 11 o'clock when most of the young people headed for the fifth annual Ki Hi Kapper party which continued throughout the night."

Labor Day in Boone

Considerable damage was done to two cars involved in a mishap at 15th and Greene Streets when the two cars collided into each other at the intersection. A car driven by Kenneth Ray Shuey, 17, was appraised as suffering \$150 worth of damage, and the other, driven by Richard Duncan, was hit with nearly a \$100 worth of damage.

Boone youth saves life

Kenneth Howard, 17, son of Mr. and Mrs. Claude Howard of the 1300 block of Mamie Eisenhower Ave., was credited with saving his friend's life. Richard Conrad, 17, son of Mr. and Mrs. C. W. Conrad of the 2200 block of First Street.

In Indianola, a construction mishap occurred when Howard and Conrad were working on excavating a basement when two tons of dirt came toppling down. Conrad had been knocked down on his back by the impact and was completely submerged in dirt. Howard managed to dig Conrad's face clear enough to let him breathe and eventually they were all rescued. Conrad suffered a broken pelvis and was hospitalized for three weeks.

Sacred Heart was represented by Joanna Lacey Manriquez, 1956, and Jerry Manriquez, 1957, who serves as the Boone Society's vice president.

In the last 50 years...

How can 50 years be brief? The best way I can describe my last 50 years is with one word "change". I have changed names from Kerin to Mom to Grandma to Great Grandma. I've changed husbands, changed jobs – I now work for "temp" agencies. I've changed body size (not because I wanted to, my body has a mind of its own), changed hair styles, changed the kinds of food I eat and changed where, when or if I eat. In other words, I have had changes in attitude, changes in latitude. In spite of all of these changes, much has remained unchanged. I love my family, value my friends, love living in Iowa, and most of all, I love living. My long-term goal is to live long enough to be on one of Willard Scott's Iam Jars. It has been a great life – I wouldn't change a thing. I have been very lucky.

In the last 50 years...

I finished school in January, 1956 – worked several jobs for about a year – then in May, 1957, I was hired by Hawkeye Laundry (Boone) to work out of it's Ames office. I was appointed manager of the office a few years later and held that position until the company was bought out in 1985 and the Ames office was closed in 1988. In all, I worked 42 years for the two companies. From '57 through the early 60's, I traveled as a pit man for a race car driver. That ended shortly after a Friday, May 13th, 1960 blind date with Ruth Watkins, a 1951 grad of BHS. Ruth was an RN at Blank Memorial Hospital at the time. We were married on October 29, 1960 and lived in Des Moines. We returned to Boone in Oct, 1961 after buying our home. We have 2 daughters, a son-in-law and 1 granddaughter. We enjoyed crewing for a hot air balloon for several years; did a lot of camping and traveling over the years. I retired in January, 1999 and have a part-time job at the Boone Hospital (public relations person and valet). In recent years, I have had major heart problems, but still enjoy several hobbies and crafts and spending time with family and friends.

In the last 50 years...

Time truly seems to fly. Graduation from High School seems like yesterday in some ways yet a lifetime ago in others. Undoubtedly, the highlight of those years has been my marriage to Betty for the past 46 years. We have two grown successful children. Scott practices medicine in the Dallas, TX area and Kim just recently sold her very successful franchise in Blockbuster. Each has 3 children. After high school, I went into the Navy along with Ken Howard and Jim Lawless of our class. Then to college and graduated in 1966 from medical school. My practice was in Bradenton, FL where I established a five-physician clinic, built a hospital and developed a 184-acre medical campus. In 1980, I retired from medicine and reverted to my roots of building and development. I tried retirement 3 times and am a complete failure at it. Presently, I keep busy with my 830 acre planned unit development in Athens, Ohio (the home of Ohio University). Through the years, a group of us who ran together in high school have continued to keep in close touch. This too has given me great pleasure and recently Betty and I had the privilege of hosting the group in Florida. Life has been good to the Conard's. We enjoy good health, good friends and adequate success to be pretty independent and enjoy life's toys and travel.

In the last 50 years...

The past 50 years have been good to us. John and I have been blessed with 4 children and 3 grandchildren. John has owned an Auto Parts franchise for the past 30 years. Our 3 boys work with him and I help with the office work. We spend a great deal of time in Bible Educational Work. We don't plan to retire anywhere special because we enjoy our family and home.

In the last 50 years...

I graduated from Valparaiso University with a Bachelor's degree in Music Education and obtained a Master's degree as a Reading Specialist from the University of Wisconsin - Eau Claire. My first teaching job was in Flint, Michigan teaching both vocal and strings. After John and I were married we lived in Stillwater, Minnesota, and I gave private music lessons and directed church choirs. When we moved to Menomonie, Wisconsin I continued teaching music while raising our 4 children. Twenty-one years ago John and I moved to Arizona. We lived in Tucson for 10 years - until John was transferred to Phoenix, and I finished my teaching career in the Phoenix area. Our 3 sons and their families all live in the Phoenix area, so we are able to see them and our 8 Phoenix grandchildren quite often. Our newest grandson was just born the end of June. However, our daughter and her family are far away- having just moved to Hockessin, Delaware from Seattle. They just had identical twin boys so they now have 8 children (2 sets of twins). Out of the 16 grandchildren, 13 are boys. I retired 3 years ago, but find that I'm very busy with my family, directing an Outreach Choir that sings mainly for people in assisted living facilities, playing violin the Sun Cities Chamber Orchestra, singing in the church choir, golfing, playing bridge, scrapbooking, attending bible study classes, and leading church small groups. My mother, who is almost 98, will also be living with us this fall. John continues to sell real estate in Sun City Grand and the surrounding area. I am enjoying retirement, my family, and doing all the things I enjoy!

In the last 50 years...

Bruce and I celebrated our 52nd anniversary this June. Yes, that's a REALLY long time! Our daughter, Kathy, lives about 2 miles from us now – she is a design manager for the Corporate Real Estate Division of Wal-Mart. Our son, Gary, lives in Sarasota, Florida with his wife and 4 children. We lived in Ames until graduation in 1959. We were in West Des Moines until 1982, when we moved to Austin, Texas. In 1984, we moved to Sarasota, Florida and in 2003, we moved to Bella Vista, Arkansas. Most of that time Bruce was in private practice (structural engineering) and I managed him, along with some other office positions. We love golf (he plays well; I play for lunch), bridge, fishing, etc. I haven't been to Boone since about 1969, so I'm anxious to become reacquainted with my "home town".

My husband, Robert, and I celebrated our 50th wedding anniversary on October 30, 2005. We are so privileged that both our daughter's, Connie and Rhonda and their families live within 15 miles of us here in Arizona. Each daughter has a boy and a girl. We have one married granddaughter that is expecting our first great grandchild. We have both been retired for 10 years and love living in Arizona. We spend a lot of time enjoying our grandkids, playing bridge and I recently joined a couple of Red Hat groups. Most of the rest of the time we are enjoying the "Golden Years" by trying to meet all the doctors in the valley!!!!

In the last 50 years...

I married my high school sweetheart, Tom Anderson, in 1959. We moved to Cedar Rapids, IA in 1966 where Tom started his banking career. I was a stay-at-home mom with our three sons until our youngest was in 4th grade. At that time, I started working as a paraprofessional in our school system's special education program. I was with the school district for 17 years. In 1993, we had the opportunity to move to Kansas City, MO for 8 years, where Tom continued in banking and I worked part time as a Montessori school. I retired in 1997 and Tom in 1999. Our oldest son, Jeff, is an environmental specialist in Spring, TX. Our second son, Jerry, owns his own business in Dubuque, IA. Our youngest son, John, is an electrical engineer in Monument, CO. All 3 sons graduated from Iowa State and Tom from Iowa, so we have a lot of fun rivalry at our house. We have twin 13 year old granddaughters, and 3 grandsons, ages 5, 9 and 10.

We moved to Colorado in 2001. We love to hike and sightsee. We also love to travel and have been to most of the 50 states. Every Christmas our family gets together for a week of skiing in the mountains.
