LISTENIN' IN RATES EXCELLENT, GARNERS ALL-CATHOLIC RANKING

The highest rating for school newspapers, that of All Catholic, has been awarded to LISTENING IN in the annual survey conducted by the Catholic School Press Association.

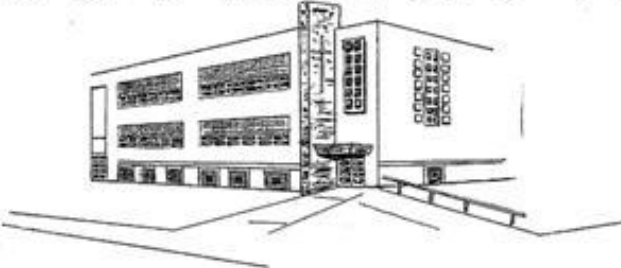

The survey was conducted under the leadership of J. L. O'Sullivan, director of the College of Journalism at Marquette University.

As a leader of Catholic Action, LISTENING IN was judged "excellent." The association also praised the enterprise and service of the newspaper to both school and community.

Editorials and features brought a "good" rating. Variety of coverage and initiative of the staff in digging up stories of human interest were judged "excellent."

The layout and design work of the makeup staff in contributing to the all-over appearance of the publication was considered very good by the judges.

According to the Catholic School Press Association, LISTENING IN has room for improvement in the fields of editorial content and headline construction.

Bring Group Fun Biweekly Dances

Popular music is echoing through the halls of SHS once again as student dances take their place on the schedule of activities.

Father Macke announced recently that dances will be held on every second Thursday and that new records will be purchased as soon as the dances bring in enough money.

Under the able direction of Tom Matt, more than 90 per cent of the high school students have enjoyed the first dances which proved to be a source of increased group fun.

Janet Steuerwald, Sodality Prefect, congratulates Gary Mullins, NMS Semi-finalist

MULLINS ATTAINS SEMI-FINALIST RANK IN N. M. S. COMPETITION

Senior Gary Mullins is a semi-finalist in the 1959-60 National Merit Scholarship competition. Sister Mary Alfonso announced on October 7.

He is among 10,000 of the highest scorers on the NMSQT, a nation-wide test of educational development given last spring. In becoming a semi-finalist Gary outscored more than 350,000 contestants in 14,500 high schools. This victory puts him another step closer to a coveted Merit Scholarship.

All semi-finalists face another rigorous exam, the Scholastic Aptitude Test of the CEEB, which will be given on Dec. 5. Should he repeat his high score, Gary will become a finalist, eligible for a scholarship award. Grades, extra-curricular activities, citizenship, and leadership qualities of the students will be evaluated along with the final scores.

Ed Dittmer and Janet Barger received commendation for their high scores in the NMSQT. They outscored 99 and 98 per cent of their competitors.

Improved School Library Offers Variety In Books

In line with many other changes and improvements made in the school, the library has been enlarged. Two hundred and fifty books on science, history, and sociology have been purchased.

The library is in charge of Sister Mary St. Felix and Sister Mary St. Peter.

For convenience, the books have been placed on special shelves for grade school students. The remainder of the library is for junior high and high school students.

A reading nook has been set up just outside the library where students may read the latest magazines.

YOUTH WEEK SPOTLIGHTS CAPACITY, WILLINGNESS TO TAKE RESPONSIBILITY

Oct. 25 through Nov. 1 is Catholic Youth Week. This year's central theme is "Spiritualize Youth—Vitalize Nations."

The purpose and aims of Youth Week are: to emphasize youth's potentiality by spotlighting their capacity and willingness to assume responsibility; to encourage youth by making them aware of their opportunity for good; to display the talents, abilities, and resources of youth and reveal modern Catholic youth's depth of spirituality; and to foster frequent reception of the Sacraments among Catholic youth.

Youth Week is observed in all 26 archdioceses and 113 dioceses of the United States. U.S. military bases across the world schedule Youth Week programs and in recent years Latin-American and Canadian groups have also participated.

All Catholic young people are encouraged to make a single effort to observe Youth Week in their schools and parishes.

This world cannot save itself by itself. The world can only be saved by an infusion from above, from the source of all truth, God.

Christian youth has a great historic responsibility because it knows the secret of salvation, that without God the world will simply go to pieces.

Young people should pray for three things today; for a great (Continued on page two)

Increased School Enrollment Necessitates Added Classroom

Monsignor Ryan announced at the beginning of the school year that increased enrollment has resulted in the need of an additional classroom.

Residing in this classroom are the freshmen and sophomores with Sister Mary St. Felix as their instructor.

The room is located in the northeast section of the parish hall and has been separated from the rest of the hall by modern folding doors. New table desks have also been purchased. The PTA has contributed \$400 toward this project.

Prefect Sodality Election To Sodality Leadership

"I was very surprised and pleased to receive this honor and I hope I can lead the members of the Sodality to a deep devotion to Mary this year."

This was Janet Steuerwald's reaction to being elected Sodality Prefect on September 8th by the girls of the high school.

Janet began her activities in this position by announcing Sodality Sunday in September.

On Dec. 8 she will receive new members into the Sodality.

Her most treasured duty as Sodality Prefect will not take place until May, when Janet will place the crown on the statue of the Blessed Virgin.

Fifth grader, Susan Garland (center), who is well acquainted with library terms such as accession, cataloging and shelving, poses with co-librarians Judy Shuster, Terry Feller, and Mary Jean Rinker.

Junior students began early in August to sell Christmas cards to raise money for the Junior-senior prom. Selling will continue until the first of December. Displaying some of their merchandise to Mrs. C. H. Thatcher are Don Garvey, Judy Masterson, Kay Elsherry and Dave Lonergan.

Fight Delinquency Problem Positively—Encourage The Good, Crowd Out The Bad

Everywhere people are talking and writing about delinquency among teen-agers. Recent flare-ups of juvenile crime in some of our larger cities have focused nationwide interest on this complex problem.

Since 1949, law-breaking by youths has risen a frightening 137 per cent. As a result, too many adults think that "teen-ager" and "juvenile delinquent" are synonymous.

Some of this teen-age trouble can be traced directly to parental neglect. But more often than not, juvenile delinquency has its roots in a maze of causes. Certain kinds of literature act directly to corrupt the minds and dull the consciences of young people.

What can we do to combat these influences? We can take part wholeheartedly in wholesome activities — dancing, sports, and church activities, for example. We can discourage trashy literature and movies by reading good books and attending good movies. By fighting this plague in a positive way, we can encourage the good, and thus crowd out the bad. —Kay Ellsberry

"Beatniks"

This country's youth does not consist of Beatniks or of juvenile delinquents. These are the sick personalities in an otherwise wholesome atmosphere.

The Beatniks represent organized disorder. Their concept is the nothingness the futility the meaningless of an unmitigated materialism. They rebel but in no direction. They believe in nothing; not even in themselves not even in God. Their unshaven faces their unkempt hair their unmannerly habits mirror their minds. But great minds must be tempered by loyalty and honesty. Youth needs God's guidance to revitalize a nation losing its way in confusion.

You're All Wet! Don't Be Insulted!

Don't be insulted the next time someone says, "You're all wet!" It's really true!

Perhaps you didn't know it, but about three-fourths of your weight is water. That means that a 140 pound man carries around 105 pounds of water.

Some fruits and vegetables are 90 per cent or even 95 per cent water, according to biologists.

Is a lake really blue? The answer, strangely enough, is no. It's just the reflection of light from the sky on the clear water.

An iceberg looks huge — and indeed it is! In fact, it is ten times as big as it looks. Nineteenths of it is beneath the surface of the sea.

PUBLICITY OF TALENTED STUDENTS BENEFITS SOCIETY AS WELL AS YOUTH

More often than ever before, "good kids" are making the news.

Merit Scholars are a case in point of these "good kids" who are good news. The announcement of semifinalists in the NMSQT competition has put them in the public eye. Several of our nation's largest newspapers feature talented students regularly in their columns.

It is certain that youth in particular and society in general will benefit from this favorable flood of publicity.

Missionary Students Resume Stamp, Coffee—Strip Drives

A Butter-Nut Coffee strip and postage stamp drive is again being sponsored by the C.S.M.C.

Used stamps are sold and the money is used to carry on the work of Catholic missionaries throughout the world. These offerings help to bring Christ and His Church to pagans in many countries.

Butter-Nut Coffee strips are returned to the Butter-Nut company, which in turn, sends Christmas gifts to poor children.

The used stamps and coffee strips may be deposited in containers provided in the classrooms.

COMETS, JETS, HAWKS INVADE 6TH GRADE NUMBER CLASSES

The Sixth graders, having been given a chance to name the groups in arithmetic class to which they belong, have proved themselves true children of their times. The names of the classes are Comets, Jets, and Hawks.

Coureur de Bois — A Foreign Car?

Could you give a sensible definition or a statement concerning these words: Maucopai, Papago, encomienda, and coureurs de bois?

A Papago sounds a little like a hot Mexican main course and a coureur de bois might very well be a new model of foreign car.

But a member of the junior-senior American History class, better not make such mistakes or his history mark will suffer the consequences.

It may seem incredible, but Maucopai and Papago were Indian tribes living long ago in the Southwest.

The encomienda was a system established by the Spanish to carry out their policy toward the Indians.

And of all things, the coureurs de bois were fur traders.

BACK-TO-SCHOOL FAVORITES DOMINATE FASHIONS

"Back to school" time is also "back to fashions" and leading the fashion parade this fall are the first grade students of Sacred Heart.

Saluting the season in blue and green is SUE ANN MANDERSHEID, in a flattering cotton dress.

JO ELLEN BURKE swishes and swirls in a red plaid pleated skirt and matching blouse. Also sporting that ever-popular color are: MARIA GLOCKL, MAX MAURER, COLEEN PEPPER and KEVIN FERRY.

So pert is DIANE STRAIN in her royal blue, whirlaway shirtwaist dress.

MARION STANBURY has picked a provincial print shirt in yellow to shine as one of the best-dressed. His outfit is completed with dark brown trousers. JOHN JORDAN and LARRY SCHROEDER show their approval of yellow with beautifully-toned sweaters.

Paisley prints still rank high according to STEPHEN MYERS and CYNTHIA ROLFES.

Displaying the school colors in navy blue pleated skirts and pretty white blouses are TERE SA HALE and DEBRA HUFFMAN. KEVIN SHAW and JOSEPH GIBBS look grand in their navy trousers and white shirts.

SPARTANSCOPE

By Ed Dittmer

Every Wednesday afternoon at 4:00, freshman and sophomore girls participate in a girls bowling league at Imperial Lanes.

Among the girls participating are: Karen Elsberry, Mary Jo Cady, Kathy Havens, Paula Pestotnik, Sue Cooper, Sharon Shuster and Bette Florence.

At a meeting held on Sept. 30, Sue Cooper, and Sharon Shuster were elected vice president and secretary respectively of this newly-formed league.

On Saturday mornings at 9:30 the boys have their turn at the sport of ten pins in their own league. This league, for boys from 10 to 18 years in age, recently elected Mike Loehrer, and Gary Mullins as vice president, and secretary respectively. At present Gary, Mike, Brian and Paul Florence and Mike Mahoney are the only Sacred Heart boys who have signed up for league play, but others are urged to do so.

With the basketball season approaching at a fast clip, it's time again to get that old crystal ball out of mothballs and begin to do a little forecasting on the Spartan chances for the coming campaign.

The loss of four regulars and two varsity reserves of the class of 1959, makes the outlook for this season rather bleak. But let's see what my crystal ball has to say.

Ah! Here are the signs of hope. Focusing into view are four returning lettermen who could form the nucleus of this year's squad. Now that the fog has dissipated, I see Pat Duffy, the only returning regular, leading three other senior letter-winners—Joe Tornabane, Gary Mullins, and Ed Dittmer—in the race for starting team berths. Four vacant slots to fill make competition hot and heavy among these four and seniors Tom Matt and Butch Judge and juniors Mike Lacey, Bill Ryan, Tom Conway, Don Garvey and Kirby Flanagan.

My ball also informs me that Steve Duffy appears to be the sophomore most likely to make varsity grade; but with a little more experience, others should be in there battling for a spot in the first 12.

—SS—

A look at statistics compiled since the sport of basketball was revived at Sacred Heart in 1956 reveals that Jerry Cooper leads in total points scored (687) and also in scoring average (13.27 points a game). The following is an unofficial tabulation of statistics covering the years 1956-1959.

Spartan Cheerleaders Attend Annual Clinic

On Nov. 1, the cheerleaders of Sacred Heart will attend the annual Cheerleading Clinic held at Storm Lake. The girls will be judged on appearance, coordination, enthusiasm, and cooperativeness.

Cheerleaders from all over the diocese are invited to attend and interesting lectures are to be given by prominent personalities on the subject of cheerleading.

Students Choose Cheerleaders On Basis Of Ability At Tryouts

The suspense is over. Linda Hale and Pat Douroumis, Sue Miller, RoCarol Tornabane, Alice Carver and Terry Feller proved their skill and were chosen cheerleaders for the coming basketball season.

Tryouts were held and a vote was taken of the high school student body on Oct. 1. The two girls in each class receiving the greatest number of votes were elected.

Linda and Pat, former cheerleaders, will handle the teaching in preparation for the fast-approaching games.

This year, the girls were chosen on the basis of their skill and pep in the tryouts. Everyone wishing to be a cheerleader was given a chance to show her ability. Voting of the entire student body was another new feature.

Anticipating the basketball season the six newly elected cheerleaders get together. The girls are: RoCarol Tornabane, Terry Feller, Alice Carver, Sue Miller, Pat Douroumis and Linda Hale.

Sacred Heart Wins Three In Gra-Y Football League

Creating a good deal of interest among the boys in the fifth and sixth grade rooms is the Gra-Y Football League.

With the season approximately half over, Sacred Heart has claimed three victories, a loss, and a tie. The victories have been over Page (13-0), Lincoln (6-0), and Franklin (12-0), while the lone loss was to Bryant (6-0), with Trinity Lutheran being held to a 0-0 stalemate.

Members of the team are: Leo Tieman, captain, Dale Donaldson, co-captain, Dick Duffy, Pat McCoy, Tom Strain, Pete Wirth, Pat Feely, Billy Wiebe,

David Hale, Mike Mahoney, Jack Rusnak, Denny Flannery, Jeff Chance, Ronald Cady, and Paul Balduz.

High School Girls Participate In Physical Education Class

When the bell rings at 11 o'clock each Friday morning, the high school girls move to the hall for their newest subject, physical education.

On Oct. 2, under the direction of Miss Karen Toot, a sopho-

more at Boone Junior College, class work began with a combination of exercises. Higher forms of calisthenics have now been developed.
