Sacred Heart: a community of living faith

A lively, faith-oriented parish is made of many elements. It is first of all people, a community of believers who find strength in their shared worship and various ministries of service. Sacred Heart is such a parish. But it has not become a living community of faith without real sacrifice and effort. Beginning with those whose vision started the parish in the 1860's to those people of the 1990's who continue the commitment, we have people who really treasure the Catholic faith that calls them to make a difference in our world.

In a more personal view: *we are family*. As we together hear God's Word and share at the same table, we find a spiritual quality that deepens our relationship not only with God, but with one another. As Church, we extend ourselves and our mission far beyond the boundaries of Sacred Heart Parish. We are part of the universal Church seeking always to proclaim the Good News and bring healing and comfort to all our brothers and sisters. Our diverse gifts make us especially well suited to the many ways by which we bring God's Kingdom to our world.

It is our sincere hope that this directory will help draw us together and help us focus on the wonderful diversity that enriches the parish family we know as Sacred Heart!
