## Preview of Orchestra Concert

Orchestra members are spending a lot of time and energy on the forthcoming concert music. Sunday, February 15, there will be an extra practice approximately two hours long. Mr. Noyes, director of the Des Moines Symphony, will direct much of the practice to let Mr. Scholl listen for 'bad' spots he might otherwise miss while directing. Many high schools will recognize some of the pieces in the concert. The Andalus Suite contains several Latin-American numbers; one of them 'Malaguena' is very popular as a single number. Those students who view Zoo Parade on tv, will recognize its theme song, 'Sheep and Goats.' The Symphony, the longest and most difficult piece on the program, is regarded by Mr. Scholl as the greatest achievement of any orchestra during his years here as an instructor. Mr. Scholl says that our orchestra is probably the first high school orchestra in the United States to play the string number, 'Serenade.' It has only been released recently in the U.S. because of a European copyright. Students knowing Ruth McCall will find the piece 'Danse Macabre' especially interesting. Ruth is soloist, and portrays the Devil. Those attending the concert should take note of the explanation of this piece before it is played.

Publicity is coming thick and fast this week. A photographer from the Boone News-Republican has taken pictures, and Saturday's paper will have a full page spread on the orchestra.

Mr. Konrad Scholl is now an established composer. Rubanks Publishing Company, of Chicago, notified him February 5 that they plan to publish his solo, 'Introduction and Tarantelle,' for string bass.

## THIS IS COURTESY WEEK

Boone High's Student Council is sponsoring the event for the purpose of reminding the students of some of the courtesies they may have forgotten.

Friday morning there will be homerooms to elect a king and queen, who will be presented in the pep assembly Friday afternoon.

Friday evening after the basketball game the council will sponsor a dance in the gym. The king and

queen will lead the grand march. Admission for the dance will be 75 cents a couple or 50 cents a single admission. There will be refreshments, entertainment, and an orchestra which will furnish the music for the rest of the evening. Proceeds of the dance go for a movie screen to be used in the auditorium.

The dance is open to anyone in senior high or ninth grade.

## Dental Survey Covers Boone

According to the recent dental survey conducted in Boone, the teeth of Boone students are very unhealthy and are lacking in fluorine. Boone, one of the 21 cities picked in Iowa for this survey, is the second city so far in which the survey has been taken. This co-operative project between the Iowa State Health Department and Region 7 of the U.S. Public Health Service of Kansas City is not expected to be finished before April. The purpose of the project, after examining the teeth of 6-14 year-olds, is to find out what the problems of tooth decay are in each city. After a survey of the 21 cities, which are chosen for the different amounts of fluorine in their water, are taken, a report is issued by the department to each city regarding their particular problems. From there on the cities must decide what they want to do about their problem.

Mr. V. L. Diefenbach, from the U.S. Public Health Service of Kansas City, and Miss Helene Deming, Iowa State Health Department representative, are conducting the surveys. Mr. Diefenbach stated that Boone doesn't have enough fluorine in the water to receive the maximum health benefits that should be gained.

Iowa is one of the many states in the United States to have this sort of a survey taken. In almost every case it has proved to be helpful in solving the different fluorine problems.

SEE YOU AT THE GAME!

## Future Teachers Teach in Grades

Eight members of the Future Teachers' Club got experience teaching in the grade schools on Tuesday and Wednesday, January 27 and 28. Jo Betty Stemmerman taught at Lowell, Andrea Dorman at Franklin, Jo Farley taught at both Washington and Page, Carol Miller at Franklin and Bryant, Deloris Williams at Garfield, Rosemary-Humm at Page, and Joyce Roberts at Bryant.

A few weeks ago the club elected their officers. They are: president, Joreen Hansen; vice-president, Marlene McAlpine; secretary, Claudette Price; and treasurer, Andrea Dorman. The club is open to any junior or senior girl interested in teaching.

Miss Ruth Ulferts is the author of 'Thematic Approach to Literature Described' in the 'Iowa English Bulletin' for February.

REMEMBER THE DANCE, RIGHT AFTER THE GAME

## Presenting the Advertising Staff

It takes more than a writing staff to keep the Bumble 'B' going. The advertising staff, pictured above, sells the ads that provide the majority of the money that keeps the paper coming to you. Miss Ealy is the staff sponsor.

## Sports Official to Speak to Students

E. C. Quigley, the man who made famous athletes observe the rules of the game with "You Can't Do That," will deliver a timely message to the Boone High students on Tuesday, February 24. Mr. Quigley has officiated on more basketball courts, college gridirons, and baseball fields than any other one man.

He will answer such questions as, 'What is the secret of winning?' 'What does it take to be a successful athlete?' and many others. There is no man now living who knows more about the games, the science of playing, the art of officiating, and the players and coaches than Ernie Quigley.

DEFLATE THE CYCLONES!

## Spare that Tree

Well, how is Courtesy Week affecting you? Of course there are a lot of things in our busy school lives that occupy our time—too much time in fact—so that we often forget about courtesy. And anyhow, you may say, courtesy is for old people and sissies.

But, however you may try to get around it, courtesy does play a big part in our everyday lives. It's the little things like crowding and ignoring people that often hurt them most. Have you ever noticed the pleased look on Mother's face when you remember your 'thank you's' and 'pleases'?

Yes, it's important all right,

and it isn't nearly so hard after you've practiced it a little. Remember to say "pardon me" the next time you step on someone's toe, and to open the door for the girl carrying all the books. Soon you'll just be 'doin' it naturally.'

So Spare That Tree. You may find that courtesy does pay after all.

## Lincoln and You

Things are tough for us, aren't they? The school doesn't offer what we want. Money's scarce; other students have more than we do. Let's take a look at Abraham Lincoln, since today is his birthday.

Abe got along without a fancy curriculum. In the forest he learned to think for himself and to think right; which is the greatest lesson any school can teach. He went to school for a time when he was ten, again at 14 and later at 17; these periods he spent, altogether, less than a year of his life in school. He never neglected his share of the family labor and worked for the neighbors whenever they needed him. But he put in all the time he could reading and adding to what he had learned in school. He had a Bible and whenever he heard of anyone's owning a book, he would trudge any distance to borrow it. In this way, he read 'Robinson Crusoe,' 'Aesop's Fables,' 'Pilgrim's Progress,' a 'History of the United States,' and Parson Weem's 'Life of Washington.' We students who have more books than we can read, and for whom the printing presses are always hard at work, should think of that.

He practiced writing until he wrote well and clearly. He taught himself to spell so well that he was not allowed to take part in the spelling matches, because he was

so sure to out-do the other pupils. Abe walked every week into the village of Gentryville to read the Louisville papers.

He worked hard and patiently at his profession, and his absolute honesty won the confidence of all. He devoted all the time he could spare from his work to his reading, often tramping to Springfield, 20 miles away, to borrow lawbooks.

Lincoln was never afraid of anybody, nor disturbed by the fact that a man was famous. To him all men, rich and poor, humble and great, were on a level with himself.

In his home life he was always thoughtful and courteous. He had always been burdened with cares, yet he could forget them, and in a flash would brim over with humor. It was his sense of humor that kept him from giving up during the hard years of war. He cared little for clothes; yet when he had money, was always properly dressed.

Now all this probably sounds as though Abe were only a 'dig' or a book-worm. As a matter of fact, he was full of fun and jokes. He'd have done well in outside activities!

Seniors are reminded of scholarships available to students entering their freshman year of college. If you have been considering inquiring about a scholarship, but just haven't got around to it, remember there are deadlines that must be met. Some of these scholarships are posted on the bulletin board outside Miss Thornburg's and Mr. Martindale's offices.

A mad scramble echoed and re-echoed through the hallowed halls of the Washington building when Mr. Scholl posted the bus lists to Milwaukee. There are two lists of students, one for each bus. Naturally, everyone wanted to know if he were with his friends, or if he could find someone who would change buses with him. Everyone was allowed one change, and by the looks of those papers, everyone took advantage of the change.

## Library News Notes

Your high school library has many new books on its shelves which the student might miss in his hurry of every day activities. Your librarian wishes to bring the following selection of books to your attention which you will greatly enjoy reading. The student who wishes to improve his or her popularity must first improve his personality. The very books for this improvement are 'Your Carriage, Madam,' Lane; 'Teen-age Manual,' Heal; 'Personality and School: Accent on Youth,' Bliss; 'Understanding Fear in Ourselves and Others,' Overstreet; 'Teen Talk,' Glendinning; 'Teens, How to Meet Your Problems,' Crawford; 'Ways to Improve Your Personality,' Bailard and Strang.

There are many students who are interested in current affairs and the place the United States holds in them. There are many questions of civil rights and prejudices cropping up in every item of the news. The following books will give you a complete background for discussion among your friends: 'Probing Our Prejudices,' Powdermaker; 'Glass House of Prejudice,' Baruch; 'The United Nations, Blueprint for Peace,' Fenichel; 'United States and World Relations,' Mower and Cummings; 'Lowering the Voting Age,' Johnsen.

The choosing of a vocation is often a difficult and tedious task for the average student. There are so many vocations to choose from that one is confused. Perhaps the following books will help you in this matter: 'Careers in Physics,' Smith; 'Six Ways to Get a Job,' Boynton; 'Careers in Science,' Pollack; 'Jobs that Take You Places,' Leeming.

Let us throw in a few books right here to enjoy for the adventure of it: 'On the Bottom,' Ellsberg, (a book of deep sea diving); 'Story of the U. S. Marines,' Hunt; 'Story of the F.B.I.,' Look magazine. These are books to read for the information they contain and for pleasure of reading.

There are a great many books that one can dig into and come out with ideas to put into practical use. Students who like to do things with their hands or who may want a hobby will find the following books of great interest: 'Car Owner's Guide to Care and Repair,' Altschuler; 'Knots, Splices, and Rope Work,' Verrill; 'Fun with Your Microscope,' Yates; 'Why the Weather,' Brooks, (how to build and maintain your own weather station); 'Getting Acquainted with Chemistry,' Morgan; 'How to Finish and Refinish Your Furniture,' Hardy.

There are several biographies that you will enjoy in your reading time. Among them are 'Mary McLeod Bethune,' Pearce; 'Little Britches,' Moody; 'Circus Doctor,' Henderson; 'Thanks to Noah,' Pappaschvily.

All of these books may be borrowed from your high school library for a period of seven days with renewal privileges for a week more. Do come in and browse among the new books.

—Mr. Tillson.

The varsity basketball team has regained their spirit to win, and are trying harder than ever. Let's get behind them, students, and support our team. If everyone will do his share, it's a fact that we can beat Ames!

There's one girl in school that's not afraid to be in a class composed entirely of boys besides herself. That person is Joyce Williams, the only girl taking solid geometry this second semester. She says, "The reason I took solid geometry is that I like it."???

## Sophs Write

Miss Ruth Behens, instructor of two sophomore English classes, and her students visited the Erickson Public Library in order to complete their study of the library and its facilities. The sixth period went to library on February 3, while the fifth period went the following day. Miss Helen Stevens and Miss Lois Shoesmith, both city librarians, explained to the students the usage of the Card Catalog and the 'Reader's Guide.'

For the next three or four weeks Miss Behrens' classes will be writing 10-page research themes. Some of the topics that will be written are: 'Science Fiction and its Possibilities,' 'The History of the Newspaper,' as well as others on medical science and occupations.

## Boy and Girl of the Week

Boy and Girl of the Week stars Boone High's 'steadiest' couple for the Valentine issue.

Our girl of the week spot this issue is given to Jean Kost, a well known junior. Jean is described as standing 5 feet 2 inches tall, and she has light brown hair and dark brown eyes. She takes part in various activities. Not only is she an active member of the orchestra, in which she plays the violin, but she belongs to the Order of Rainbow and has held the position of drill-leader. Homemaking, rated as her favorite subject, seems to interest Jean very much. Another favorite subject seems to be our boy of the week, Jean tops off her activities with a job she seems to enjoy, which is working at the Rialto Theater on week ends. In an all-round way, I think that you will agree with us for having smiling and friendly Jean as our 'girl of the week.'

Possessing the title as Boy of the Week in this issue is Bill Bice, a well-known senior of B.H.S. The brown eyed, brown haired boy spends much of his time working at Boyd's Ice Cream Parlor so he doesn't have much time to spend with school activities, although he does try to squeeze in some time with a petite little girl—Jean Kost.

Bill didn't know what to answer when he was asked what his favorite subject was, but one could probably guess it rather easily as he has three periods of radio.

Fudge, which is a well liked food by many, is Bill's favorite too. It is something special to him when it is made by that certain person.

Of the future: Bill is planning on going to J.C. for one year and then to Iowa State College, as he would like to be an electrical engineer.

## Faculty Revelations

Are you a member of our basketball team? Are you in speech activities or in musical groups? If you are a member of these activities or others, you will be interested in how various faculty members devoted their high school years to activities.

When asked the question: "What interesting activities did you participate in during high school?" the faculty's answers were:

Mrs. Ick: "I belonged to a society in which I had the pleasure of dining with a member of the senate and the governor."

Mr. Scholl: "I was a center on my home town basketball team."

Miss Skilling: "Taking care of the fiction section of a library not only helped me work my way through college but gave me much pleasure."

Miss Vanderbeck: "Playing the drums for six years in junior and senior high band was one of my interesting school activities."

Mr. Kossives: "Speech took up most of my time. Once, when called upon to give a speech in my high school's auditorium, I wore a bow tie that bounced on my Adam's apple when I talked. The more the tie shook, the more the audience laughed, and the more embarrassed I got. Finally I had to walk off of the stage and take off the tie. Then I gave the rest of my speech."

The students in Miss Pagel's government class learned the other day whether they were introverts, extroverts, or ambiverts. No, these aren't animal names. An introvert is a person who likes to keep to himself, like a turtle when it pulls in its head. An extrovert, on the other hand, is someone who likes to be around people. The ambivert is sort of like the 'pickle in the middle.' He's not too much of an extrovert or an introvert.

The sophomores seem to be the only class lucky enough to have some new additions this semester.

James Bryant had been unable to attend school the first semester because he was still recovering from a bad attack of polio, which had stricken him during the summer.

Thomas Rinker is a transfer student from the Sacred Heart School.

Barbara Trulin had been a student of Mrs. Gunn during the first semester.

If Jerry Beckett keeps practicing on his drawings of microscopic animals, someday he will be a master.

One hundred new lockers were installed on the third floor in the north-south hall on the east side. Are you sufficiently confused? These lockers are much narrower than the old ones and, having but one shelf, are only large enough for one person's belongings. Seniors were given the chance this year to move out of their old lockers into the new ones, but next fall these lockers will be open to everyone.

## J.C. Penney Co.

Iowa Electric Light  
and Power Company

Our Boone Toreadors have been losing the support of the Boone students during the last few games. Our team is in a slump; that's very true; but the boys are trying their hardest and it's up to the fans to pull them up the rest of the way. Tomorrow night we have a very important game with Ames. The date may play an important part. Let's all help the boys jinx Ames on Friday the 13th.

The students that went to Newton really had a treat. Newton has a beautiful new school. Their gym was very large with a balcony on three sides and a large stage at one end. It is really quite nice and the Newton students were friendly and good hosts.

We wish to thank the citizens of Boone for their support of high school activities. This has especially been noticed at the basketball games. The reserved seat section is usually filled, with many people sitting in the balcony. Last Friday night some organizations of Boone sent the team telegrams of encouragement which help a lot when a team is in the losing column.

'Buck' Sovereign, a member of the swimming team, has been racking up points regularly for the Toreador tankmen since the start of the season. 'Buck,' who is only a freshman and has three years of varsity competition left, is rapidly developing his abilities to become a B.H.S. swimming star. His worth has been especially noticed in several recent meets, when he took over the 100-yard breaststroke and the 180-yard medley relay, taking the place of regular breaststroker Tom Canfield, who was ill.

### Toreadorettes Stop Boxholm Sextet

The Toreadorettes closed the books on the most successful girls' cage season ever recorded at Boone High Friday evening by downing Boxholm, 48-43, in the Boone gym.

The game was close all the way, but it saw the Boone sextette come from behind in the third quarter to end the battle.

The scoring was quite evenly divided among the forwards with Mary Courter hitting for 19 points, Sody Hall, 15, and Jo Morris, who replaced Bonnie Reid at forward, 13.

The guards, Jo Huffman, Janet Musser, Dorothy Long, and Romey Chance, did their usual fine job.

### Osky Mangles Boone 83-63

Oskaloosa rampaged over two Boone High scoring records and helped in severing a third as they rolled past the Toreadors, 83-63, Friday evening on the Oskaloosa hardcourt.

The Indians more than made up for their 60-56 defeat at the hands of the Toreadors in December; they led by a wide margin all the way.

Gary Grosnickle ranked top for the Boone pointage; he dropped in 13 points, followed by John Cooper with 12, and Charlie Hancock with nine. Even though the Toreadors met a defeat, they played average ball. They were simply up against a team that was too hot to beat.

Boone's defense wasn't as bad as the final score showed. The Indians were hitting on practically every shot they took. Jerry Kitchen's long shots and Carter Crookham's shots from the post were just not stoppable.

Crookham led the Indians with 24 points, followed by Kitchen with 22.

### Rev. Mr. Frohardt Speaks to Students

During the fourth period, February 3, the senior high attended a character education assembly.

The program was opened by Ruth McCall and Cay Munn, violinists, accompanied by Carita Stoble. Their selection was 'Salut d'Amour.' Shirley Mae Anderson then accompanied Peggy Oxenford, who sang a solo.

The speaker, the Rev. Edwin Frohardt, was introduced by John Seaton. Rev. Mr. Frohardt's talk concerned being up to date and looking ahead.

Has anyone noticed Wendell Hanum's and Gale Wilson's new perfume?

#### The Coach

He inspires in his boys a love for the game and the desire to win.  
He teaches them that it is better to lose fairly than to win unfairly.

He leads players and spectators to respect officials by setting a good example.

He is the type of man he wants his boys to be.

#### The Official

He knows the rules.  
He is firm and fair in all decisions.

He calls them as he sees them.  
He treats players and coaches courteously and demands the same treatment for himself.

He knows the game is for the boys and lets them have the spotlight.

#### The Spectator

He never boos a player or officials.

He appreciates a good play no matter who makes it.

He knows that the school gets the blame or the praise for his conduct.

Boone High School debaters traveled 104 miles to Buena Vista College, Friday, February 6.

There were 23 schools present. Although there are eight people in debate, only six were able to go. Dan Corrick and Gail Letscher were not present; however, Everett Hickman, Jeannette Stotts, Don Whitmer, Conrad Faber, Bonnie Carter, and Tom Sandell all were along for the trip.

### WHICH ONE?

### Manning Tops Boone 78-56

Boone's Toreadors, after two fine quarters of ball, looked as if they might smash the Bulldogs at Manning February 3. However, Manning proved to be much too powerful for the ever-fighting Toreadors. Charlie Hancock displayed very good shooting, as he dumped in 19 points. Morris Kelley, another fine forward, netted 17 points. Probably Boone's biggest threat were Lyle Fraum and Gene Martin, who made 28 and 21 points respectively. When the final buzzer sounded the score board read Manning 78; Boone 56.

Tough break for the soph's basketball team. They've lost their last three games by only one point each time!

Can't Jake Lee make up his mind? One day he's out for basketball and then he quits. At the latest report he is back out.

## Toreadorettes End Season with Excellent Record 19 Games to 1

Bill 'Heddy' Hedlund

The Boone High Toreadorettes, who ended their rugged 20-game basketball schedule last Friday night, have set a probable all-time B.H.S. mark by downing 19 of their 20 opponents, the first 16 of which they went undefeated.

The local girls, playing an excellent brand of ball and showing good teamwork throughout their season, proved up to many pre-season forecasts, which predicted the success of Boone High sextet.

Game number 17 marked the only loss for the Toreadorettes, which came in the hands of the Gilbert girls during the semi-final round of the sectional tourney. The Toreadorettes had beaten them once before in regular season play, along with such strong teams as Grand Junction, Farnhamville, Jewell, and Boxholm.

The Toreadorettes chalked up a total of 1,180 points during the season for a 60-point offensive average, while holding their opponents to 908 points for a 45-point defensive average. The scoring was very evenly divided with Bonnie Reid, post forward, scoring a grand total of 401 points in 19 games for a 21-point average; Sondy Hall collected 359 points in 20 games for an 18-point average; Mary Courter, sophomore forward, potted 268 points in 16 games for 16.8 average. Jo Morris, regular guard, who was switched to forward in case of emergency, netted 88 points.

The remainder of the scoring, 64 points, were collected by Anne Clausen, Romey Chance, Pat Dyas, and Doris Jacobson, all potential first string forwards.

Next year coach Charles Lovin will lose only two of his regular players by graduation, Jo Morris and Dorothy Long; but they are two of the very best guards. Mr. Lovin will have Janet Musser, Jo Huffman, Mary Eddy, and Joan Cornelius, among others, to work with in the backcourt during the coming year.

Coach Lovin, who successfully piloted his '52-'53 cage girls through their 19-game winning spree, has already made out part of his '53-'54 schedule, which consists of five new teams that the Toreadorettes have never faced before.

He has great hopes for next year's team and is looking forward to even bettering the mark they

## Boone-Ames Which One?

Friday, February 13, in the Boone High gym the mighty Toreadors will meet the Ames Little Cyclones. This will be the second meeting of the season for the two squads. Ames is at this time the Central Iowa Conference leader and a very hard team to beat. For a good many years, under the fine coaching of Ron Norman, the Cyclones have done a good job.

Although it is not the last game of the season for either team, it is the last game between the 'rivals' for a good many seniors. The Toreador squad is losing nine boys, and the Cyclones are losing five. However, both coaches have some fine material coming up.

The Toreadors, although they have not done too well in conference play, have been improving steadily under the very able coaching of Larry Gillespie. With the team's high spirit and the spirit of the crowd, a very fine game should result.

Spring is coming and the golf course will soon be in shape for the Boone High golfing team. For the past three years a certain boy has said that he was going to be a contender for the championship of the state this year. Here's wishing him luck, but we insist that he covers all of the holes in the course he makes after his long hours of practicing.

The students of Boone High will be happy to know that a new fight song is going to be introduced at the pep assembly Friday. These are the words:

The word is fight, fight, fight  
for Boone High,  
Let every loyal Boone fan sing.  
The word is fight, fight, fight  
for Boone High,  
Until the walls and rafters ring—  
Rah! Rah!  
Come on and cheer, cheer,  
cheer for Boone High,  
Come on and cheer until you  
hear the final gun.  
The word is fight, fight, fight  
for Boone High,  
Until the game is won!

In order to have the song go over 'big' the support of all is needed. Let's all help by learning and singing it heartily.

## Tankers Win

After placing seven firsts, the Boone High tankmen splashed to their second win of the season over East of Des Moines, Tuesday, February 3, in the Y.M.C.A. pool at Des Moines. The Toreador tankers earned 43 points to East's 31.

In the main event, the 40-yard freestyle, John Peterson of Boone and Gene McPhee from East tied for first place with a time of 21.4.

Boone's second place winners were: Don Jaschke in the 100-yard freestyle; Vic Irvine in the diving event; and Stoneburner, Guyon, Meyers, and Schulz in the 160-yard relay.

Third place winners for Boone were: Ted Schulz, Wallace Nelson, Neal Runyon, and David Frazier.

## Boys Lose to Tough Newton Cardinals

The Boone High Toreadors were defeated by the Newton Cardinals, 80 to 59, Friday, February 6, at Newton. The game was played in the spacious new Newton gym, which proved a little difficult to the visitors. The local team was able to hold their hosts fairly well until the fourth quarter, when the Cardinals trampled over them.

Boone was ahead, 7-4, soon after the game had started, but their lead did not last long because of seven straight Newton points, which set the Toreadors behind. At the end of the quarter Boone was trailing, 15-12.

The second quarter saw the Cardinals advancing slowly ahead, holding an 11-point gap at one time. Making five points in one minute to catch their hosts, the Toreadors were still behind, 31-25, at the intermission time.

At the start of the third period Newton rolled ahead, 41-30, but, paced by the scoring of Miles Duley, the Toreadors roared to close the gap to two points, 43-41. As the quarter ended Newton was again far ahead, 53-44.

The final period of the game saw the Redbirds mark up seven consecutive points, sending Newton into a 60-44 lead.

Scoring honors for the Toreadors went to Miles Duley with 15 points and 'Mo' Kelley and Gary Grosnickle with 11 points each. Dick Doane scored 20 points to lead the winners.

Following the Boone-Boxholm girls' game, the Boone High girls had a swimming party in the B.H.S. pool. The Boxholm girls were the Toreadorettes' guests. 'Gordy' Brookhart was the lifeguard, and most of the girls received a lot of help from him before the party was over.

## Girls Play in Sectional

A well-organized Gilbert team gave the highly rated Boone Toreadorettes their first loss of the season, by defeating them 63-51, Thursday evening on the losers' hard-court. Bonnie Reid, post forward, paced the Boone offense with 32 points. Amy Jensen led the Gilbert scoring with 21 points. In all fairness it must be said that the Boone girls played a fine game all the way through, but their under-rated foes proved to be too strong.

### Win Consolation Game

In the first game of the evening, Saturday, January 31, the Boone Toreadorettes rolled past Stratford 62-52, to win the consolation award of the sectionals, held at the Boone High gym. The win made the Toreadorettes' record 17 wins against one loss, so far this year.

Bonnie Reid continued to be high pointer, dumping 22 points. She was followed by Mary Courter with 19, and Sondy Hall with 16 points. Marlene Gabrielson and Doris Swedlund each scored 16 points. They were followed by Mary Jorgensen with 12. There were many substitutes in the Boone lineup during the last quarter.

The song, 'Love Light,' written by Kohlman, was played by Carita Stroble, violin, Patricia Braklow, cello, and Helen Foltz, piano. The girls' ninth grade chorus sang, accompanied by Karen Finley on the piano. Following the song, the student chairman, Bob Barry, introduced the speaker, the Rev. Edwin Frohardt of the First Methodist Church, who gave a talk about opportunities that lie ahead in the future for us.

## Valentine Poem

Mary knew her 'Foolish Heart'  
Was full of hope and joy  
For Saturday was a 'Happy Day'  
For every girls and boy.

Her 'Room was Full of Roses'  
And 'Candy Kisses' too  
And many, many valentines  
And all 'Because of You.'

Mary 'Wished that you Were Here'  
With lots of gay delight  
So she could 'Whisper' to her 'Lover'  
'All Through the Night.'

The girls in seventh grade must be pretty blind to let Jerry L. on the loose.

We're glad the plays came out better than the students in them claimed they could.

## Matadors Victorious

Saturday, January 31, the Boone High eighth grade basketball squad defeated the Welch team of Ames 33-18 in the first game. At the quarter Boone was leading 6-4 and by the half they had widened their lead to 14-9.

Continuing their good playing the team rolled into a 22-15 third-quarter lead and finally won 33-18.

Jack Robertson, Boone center, scored 14 points to help the team to their final victory over Welch.

Another ninth grade basketball game got under way Saturday, January 30, at 10:15 a.m. Coach Jones started his snappy first team consisting of these five players: Larry Bergloff, Jim Manriquez, J. Peterson, Ronnie Reynoldson, and Don Schroeder. These freshmen, with their fine ball handling, put Boone ahead at the end of the first quarter by a score of 17-6. Not far behind them are Mr. Jones' second team, Jim Anderson, Harry Runyan, Dave Kaneipp, John Manriquez, with Duane Godfrey, Gordon Peterson, and James Strickler substituting. These boys kept us ahead at the end of the first half by 31-16. With the second team starting, the third quarter began. With one minute and six seconds left in the third quarter, when Boone began to lag, the first team took over bringing the score to 37-25, Boone's favor, at the end of the third quarter. With the second

team in for the last quarter Boone won the game 55-36. This brings their victory string to two and leaves their losses at two.

There are other boys on the freshman basketball team and they know how to show their stuff. Just give them the backing you give the varsity squad and you'll see.
