

Prom Goers Enjoy 'An Enchanted Evening'

EDITORIAL

Recently a new set of rules was formed regarding dress and general behavior for all high school students in the coming school year. Many comments have been made both for and against the new code.

We believe that everyone should co-operate and abide by these regulations. They were made for the good of the students and the school and should be upheld.

When one reads and hears about the deplorable conditions in some high schools in the east and south one automatically thinks, 'It can't happen here.' But it can if no one takes steps to prevent such behavior. We should be both glad and proud that school officials are interested enough in our well being to take steps to prevent such outbreaks here.

The only way this can be avoided is by adopting preventive measures rather than depending on punishment following misbehavior.

No one should feel that he or she is being 'picked on'—the rules govern fairly and impartially. No girl will really suffer from not being able to peroxide her hair, and after all, boys do look neater wearing their shirts buttoned.

As for smoking and drinking—high school students have no business being associated with them.

The people of Boone want to be proud of their school; and we, the students, are the representatives. It is up to us to present a good appearance and keep our moral standards high. We alone tell the story to the people of our community and neighboring towns.

So, why don't we decide here and now to co-operate to the fullest extent in abiding by rules and regulations.

Students Attend Mock Trial

Members of the senior problems of democracy classes and junior commercial law classes attended a

Mary Wiemer and Paul King were back at work Monday, after a glorious reign as Ki Hi Kapper King and Queen. The royal couple was crowned at about 3:00 a.m. Saturday during the Ki Kapper festivities.

mock trial on Thursday, May 1. The trial, which was sponsored by the Boone County Bar Association, was held in the court room of the county court house. Although the case and names involved were fictitious, the case was conducted as an actual trial.

At noon the students were the luncheon guests of the Boone County Bar Association.

'Now Is the Time' was the theme for the Les Excelsis banquet, held at the Community Building May 2. The theme was carried out by having a huge clock at the front of the building, clock shaped programs, and 'hour glass' nutcrups.

The banquet commenced at 6:30 p.m. with the meal. A program followed.

Leslie Sellers gave the welcome; Paul King gave the response; the speaker was the Rev. Mr. Blandall from the Eldora Training School. A violin duet and a men's quartet furnished entertainment. The evening ended about midnight, with a film.

Cheerleaders Selected

Tryouts for positions in senior high cheerleading were held April 30. The eight cheerleaders selected were: seniors, Deanna Eldien, Gayle Ohlmann, Gerry Raettig; juniors, Janet Smith, Mary Jo McLeod; sophomores, Janna Weston, Pam Parrish, Mary Shaler.

Mr. Stock, Mr. Clifton, Miss Plum, Mrs. Engen, Mrs. Ick, Mr. Stutzman, and the newly elected Pep Club officers, Lynn Anderson, Delores Hampton, and Linda Berglund, served as judges for the tryouts.

Speaking of Sputnik, here's one that's laying them in the aisles in Moscow:

Joenik: "Iss das nicht der aging palace?"

Moenik: "No, this is the principal's office." (I don't either!)

One gift well given recovereth many losses.—Thomas Fuller.

Students Win 'I' Rating at State Music Contest

Friday, April 25, three soloists and eight string ensembles from the Boone High string department won top ratings at the state music contest held at Mason City.

All those students entered from Boone High received 'I' ratings.

The group, which included 14 students, was the largest to be entered in a state contest from Boone in a number of years.

Soloists winning top ratings were: Donald Josephson, violin; Elizabeth Hinz, cello; and Jean Goeppinger, string bass.

String ensembles receiving 'I' ratings were:

Violin duet, Dale Rogers and Don Josephson.

String trio, Ann Senholz, Joan Stotts, and Don Josephson.

String quartet, Donald Josephson, Dale Rogers, Judy Braklow, and Joan Stotts.

Mixed string trio, Dale Rogers, Don Josephson, and Lou Ann Hauge.

String quintet, Dale Rogers, Millicent Stutzman, Judy Braklow, Lou Ann Hauge, and Linda Boyd.

Violin quartet, Susanne Frohardt, Paul King, Don Josephson, and Dale Rogers.

Cello quartet, Joan Stotts, Lou Ann Hauge, Barbara Murken, and Judith Stotts.

Cello duet, Lou Ann Hauge and Barbara Murken.

Cedar Falls Chorus Presents Assembly

In an assembly on April 28, the Cedar Falls Campus School Chorus presented a program of much variety. The 73-voice chorus, under the direction of Mr. Tom Wikstrom, first sang four sacred numbers. Then they presented selections from the musical comedy, 'Brigadoon,' featuring solos and various small groups.

The program was concluded with numbers by several small groups, including a girls' quartet and a small group accompanied by piano, string bass, and bongos.

Earlier this year the Boone orchestra and chorus, on separate tours, presented assemblies in the Cedar Falls high schools.

Mr. Mische and Mr. Wikstrom have discussed the possibility of presenting exchange assemblies between the Boone and Cedar Falls choruses annually.

May 2, which was the date of the Junior-Senior Prom, was a big night for many Boone High students. At 8:30 the guests entered into an 'Enchanted Evening,' this year's theme for the prom. The grand march, played by Keith Kilinger and his nine-piece band, was led by 'Chuck' McGriff, junior class president, and his date and Bob Musser, senior class president, and his date.

Above the main door was a large sign set in glittering letters reading 'Enchanted Evening.' On either side of the door were two lighted silhouettes of dancers. The gym was decorated with blue crepe paper and white crepe paper which had gold stars on it. From the ceiling hung stars and bells which reflected light from a revolving mirror ball which was hanging in the center of the ceiling.

Across the hall from the gym a lounge was provided for the guests. Cookies and punch were served at one end of the room from a table decorated with flowers and candles. The guests were seated at card tables decorated with gold centerpieces.

The following committees worked on this year's prom:

Dance band: Emily Grabau, Sharon Bartlett, Jim Moore, Jim Cross, Gerry Raettig, Denny Ferry.

Refreshments and check room committee: Deanna Eldein, Sandra Southern, Mary Lou Doran, Donna Deal, and Delores Deal.

Equipment committee: Larry Ford, Gary McVicker, Garry McCool, Tony Crandall, Bill Monen, Tim Croxen, Melvin Murken, Ron Rosengreen, Brian Knezevich, Tom Allie, Jim Clark.

Invitation committee: Lynn Anderson and Kathryn Disney.

Orchestra platform committee: Ted Bass, David Oppedahl, Dave Reynoldson, and Joel Pashusta.

Decorations committee: Dave Otto, 'Bud' Munson, Steve Shaler, Sue Peterson, Milly Stutzman, Bill Barquist, Sandra Shadle, and Doris Lundstrom.

Lighting committee: Oscar Gordon, Don Pritchard, David Tucker, Bill Anderson, and Ben Pollard.

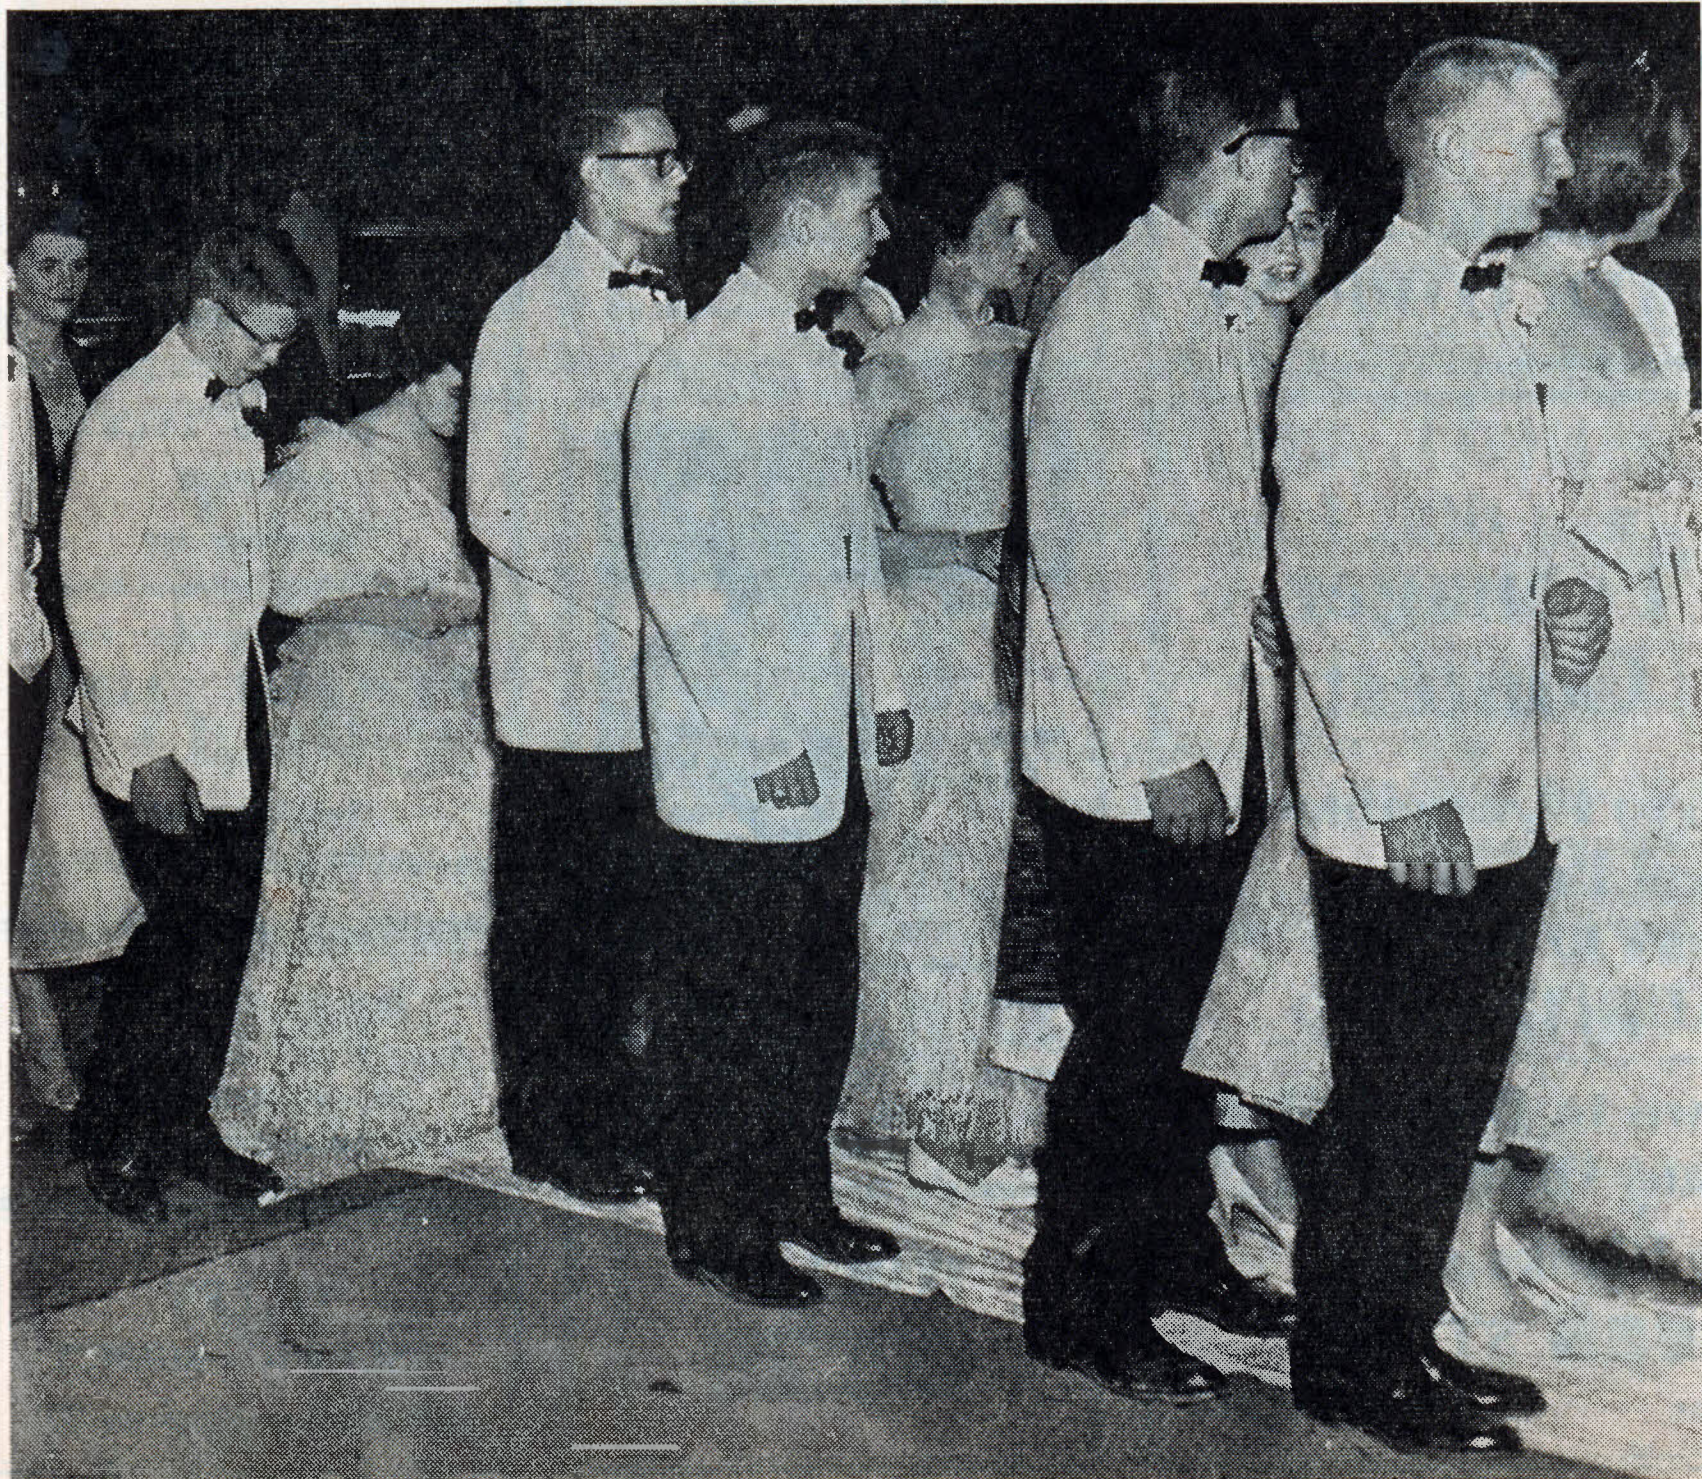

Strange Creatures Displayed

'Your Friends, the Snakes,' was the interesting title of the assembly presented by Mr. Lew Johnson on Thursday, May 1. Mr. Johnson pointed out the many good aspects of snakes and exhibited live specimens to substantiate his statements. He also displayed other forms of wild life generally disliked—the tarantula and the skunk. The assembly was aimed at destroying some of the false concepts of these beneficial, and often less dangerous than we think, creatures.

Mr. Johnson presented many types of snakes, such as the rattlesnake, bull snake, and fox snake. On one occasion he initiated the help of his two small sons in putting a huge pet snake back in its cage.

The accepted idea that girls are afraid of snakes produced an about-face as three girls volunteered from the audience. Many girls raised their hands, and the three chosen showed their lack of fear as snakes were placed in their hands and around their necks.

Mr. Johnson's matter-of-fact tone and subtle humor provoked laughter from the audience.

New Equipment Planned

Science Section Remodeled, Improved

Earlier this year the Board of Education approved a recommendation to remodel the chemistry department before the next school year. This change will not only improve the department, but it will also enlarge it, for room 304 is to be converted into a lecture room in which a lecture-demonstration table will be installed. Doors will be cut into the north ends of the two laboratory walls connecting room 304, the laboratory, and the present lecture room. Room 302 will then be used as a combination storage, preparation, and weighing room.

The lab will have new benches installed with each bench having its own light, gas, and water outlets, and a sink at the end of each one. The furniture and fixtures alone will cost approximately \$7,000. This doesn't include installation, plumbing, electrical wiring, or shelving. Roughly \$3,000 will be the cost of the supplies which include glassware, hardware, and chemicals.

When this remodeling is completed, the department will be able to handle 144 students including junior college, and it will be equal in quality to any other college in Iowa.

"Chemistry is only a part of a well-rounded education, and it fits into a general curriculum which includes the other sciences, language—both English and foreign, mathematics, social sciences, and the arts," said Mr. Bruns, when asked what he thinks is the importance of chemistry. At a J.C. teachers' meeting at Ames, the Dean of Engineering illustrated the importance of chemistry in the field of engineering. He said the most important things in this field in order of their ranking are: 1. English, 2. math, and 3. science.

The physics classes, under the instruction of Mr. Cunningham, are working out various problems dealing with electricity, heat, and mechanics. The students are taught the use of the slide rule at the beginning of the year and are encouraged to buy their own to use in the solution of problems.

Each year the radio class works on four projects which they have studied for two or three weeks. This year the class projects are a four-tube TRF radio, a six-tube super-heterodyne receiver, a small, low-power transmitter, and an a.c./d.c. receiver. The class also uses an oscilloscope to find the trouble with defective sets. Any person in the class may repair radios or other sets for friends or customers and keep any profit they might make.

Nifty Notes

By Bob Sharp

What is it? Where did it come from? I wouldn't be seen in public with it! These remarks have been stated by men all over the world. All on account of the newest craze among the ladies—the sack dress. The average male is as set against the sack because he has been so used to seeing the ladies' curves that the change is so great it is too much for him to accept at the present time. I honestly believe that it won't help them to complain about the ladies' wearing apparel because the ladies have a mind of their own and will wear what they please. I used this type of an introduction because I want to show you how something that is new and different can cause a great deal of confusion and comment.

Although the sack dress isn't being welcomed with open arms, the Beavers have recorded a new song called, 'Sack Dress.' It should go a long way, and make a hit for them.

Not too long ago on television the National Broadcasting Company produced a program called 'Swing Into Spring,' and from this program came the title song played by Benny Goodman and his orchestra. Although its arrangement is different from most of the rock and roll tunes, it is already considered a hit.

Pic Hit

Kathy Linden, whose recording of 'Billy' made her a favorite among the teens, has done it again. This time it's called 'You'd Be Surprised,' and it's bound to be a sensation among both the teens and parents.

The newest recording group out is the Chiefs. They have recorded a song called, 'Apache.' With this unusual title it may take a little more effort to put it over.

As with other courses dealing with mathematics, there isn't any drastic change being taught in physics, since the material taught is just a basic knowledge on which to build.

Senior Sharpies

Girl of the Week

Whom do you see most often at the movies? Answer: Karen Lee Williams, our senior girl of the week, who is cashier at both the Boone Drive-In and the Rialto theater. Born at the Boone County Hospital October 26, 1939, she now lives at 1403 Tama. Family members include one married brother and two sisters. Aside from her job as cashier, she works in Mr. Roloff's office fifth hour every school day and participates in mixed chorus, girls' sextet, and pep club. Favorites of Karen's include: color, light blue; subject, chemistry; food, fried chicken; pastime, having a good time; sport, bowling or tennis; song, 'Are You Sincere?'

Plans for Karen after graduation include going to Iowa State and majoring in home economics with her center of interest being experimental cookery.

Stings 'n Things

Found taped on the bulletin board in Mr. Scholl's room is a glamorous set of fingernails with this inscription: "These claws were taken with great personal risk from a wild African gu-nu in the heart of the Mugwump jungle."

These nails, taken from Millicent Stutzman, measured one-half inch in length and were removed for the sake of better music. She still has distinctively long talons.

Friday afternoon, April 18, Judy Eastberg and Carolyn Dahlin received the new sheep-dog hair style to go with the new fad of chemise dresses from stylists Bob Sharp and Larry Anderson.

Engaged: Janice Gibbons, Janice Springer, Karen Trulin, Betsy Lorentzen, Phyllis Paris, Etta Mae Grady, Karen Bass, Judy Hansen.
—by the Honey Bee.

First tonsil: "It's so pitch black in here I haven't got the slightest idea where we are."

Second tonsil: "I think we are in Capistrano. Here comes another swallow."

Boy of the Week

Directions: Four blocks east and a block and a half south from the B.H.S. northeast door and you'll be in front of Boyd's. Step inside and there will be La Verne Schmidt, our senior boy of the week. Born in Ogden, September 5, 1940, he lives at 349 South Marion Street with his parents and three brothers and three sisters. Favorites on La Verne's list include: color, blue; subject, English; food, fried chicken; pastime, bowling; song, 'Now and for Always'; sport, football; movie, 'Bridge on the River Kwai'; and tv. program, 'Love that Jill.'

Future plans? Going to Boone J.C.

Musician Among the Test Tubes

In this new world of Sputniks and rockets, more and more people are being prodded into becoming scientists. Right here in Boone High a new genius has blossomed forth with a marvelous new invention. He is none other than the orchestra conductor, Mr. Scholl, whose invention is a new durable rosin.

This invention, as many others, was come upon quite by accident. This is how it happened: The orchestra members in rosinning their bows chipped the rosin which Mr. Scholl collected. He saved the three different types—hard, gummy, and—in separate containers. Then he melted it all together, and the result was a rosin that greatly improves the tones of the instruments. When the formula was tried again, it worked equally well. Now Mr. Scholl has his students buy small amounts of each rosin and prepares their special rosin for them. He says he isn't going to try to make it commercially, for as yet it hasn't been tried in any other region but central Iowa. Besides, he is just going to keep his own orchestra supplied.

Published bi-weekly by the students of Boone High School.
Entered as second class matter October 3, 1928, at the Post Office at Boone, Iowa, under the Act of March 3, 1879.

Toreadors Win Eagle Relays; Set Five Marks

A tremendous victory in the mile relay boosted Boone's point total to 67½, enabling them to nose out Fort Dodge and win first place in the Third Annual Eagle Relays at Eagle Grove on Friday, April 18.

The Toreadors set five Class 'A' marks and turned in their best performances in nine of the 14 events. This was the second Eagle Relays championship won by the Toreadors in three years. Last year they were nosed out by Clear Lake by a ½-point margin.

Top performances were turned in in the 100-yard dash, the hurdle events, and the 880-yard relay. Denny Elliot smashed Jay Peterson's old mark of :16.1 in the high hurdles by turning in a time of :15.6. This is also the fastest since Bob Clifton set the school mark ten years ago.

Senior, Jerry Lind, who the 100-yard dash in :10.4, equaling his best in the past two years. He also helped his 880-yard relay crew win the event and set a record of 1:36.1. Others in the event were junior, Bill Momen; senior, Denny Elliot; and sophomore, Mickey Cornelius.

Denny Ferry and Jim Cross, along with Momen and Cornelius, combined to win the medley relay in 3:48.7. The old record was 3:52.9, set by Clear Lake in 1956. Boone's mile team of Cross, McCool, Cornelius, and Lind finished first, setting a new record of 3:41.3—cutting two full seconds off the old mark of 3:43.3, set by Boone in 1957.

Doug Dodd was second in the shot (42-7½) and fifth in the discus (101-3). Gale Price was third in the football throw (179-3¾).

Tim Croxson was third in the broad jump (18-3¾); Gary Blumberg tied for second in the high jump (5-6); and Momen was second in the pole vault (10-0). Boone finished second and third in the two-mile and 440-yard relays, respectively.

She: "I'm sorry to disappoint you, but the fact is, last night I became engaged to Ernest."

He (knowing her): "Well, how about next week?"

Elliott Qualifies in Drake Relays

Denny Elliot became the first Boone qualifier in the Drake Relays since 1953 as he smashed a five-year jinx and gained a berth in the 120-yard high hurdles.

Elliot ran :16.2 in the finals which is far off his best time (:15.6).

Boone Second in Toreador Relays

Getting two firsts, the Boone trackmen were bested only by Fort Dodge in the Toreador Relays held in Boone Tuesday, April 29.

First places were taken by Jerry Lind in the 100-yard dash, with a time of :10.4, and in the 880-yard relay, timed at 1:35.9.

Boone took second place in the shot put with Doug Dodd throwing the little boulder 45 feet 8½ inches. Denny Elliot grabbed two other seconds, in the 120-yard high hurdles and the 180-yard low hurdles. In the 880-yard run Jerry Wright came away with second place. Boone also took second places in the 440-yard relay and in the mile relay.

Jim Cross came away with third place in the 440-yard dash for Boone. Other thirds were taken in the medley relay and in the two-mile relay.

A fourth place winner was Dick Hunter in the 180-yard low hurdles. Bill Momen tied Perry for fourth in the pole vault with a jump of 10 feet.

Gale Price took fifth in the football throw, passing the pigskin 165 feet 10 inches.

All told, the Toreadors totaled 57½ points in this, the eighth of the Toreador Relays.

Squad

Evening their record at 1-1, the Boone High netmen took a 6-0 victory from Webster City at Webster City, Monday, April 21.

Bob Musser over Merle Loper, 6-2, 6-4.

Don Josephson whipped Webster's Bob Reinhart 6-2, 6-0.

Mike Gleason bested Ron Wilson, 6-3, 6-3.

In doubles play:

Bill Herman and Mike Gleason were victorious over Barnett and McCaskey, of Webster City, 8-6, 6-3.

Bob Musser and Don Josephson decided Loper and Reinhart, 6-3, 7-5.

For the first time since tennis was received at Boone High School three years ago, the Toreadors defeated Ames 4-3 to even their season record at 2-2.

Bob Musser won his singles match from Dick Ramsey by scores of 6-4, 6-2.

Bill Herman stopped Mike Wolf by scores of 8-6, 6-3.

Carroll Clabaugh checked Ames' Mark Anderson 6-3, 6-4.

Don Josephson was stopped by Dave Nairn, one of the top singles players in the state, 6-0, 6-1, and Ed Krekow defeated Mike Gleason of Boone 2-6, 6-4, 12-10.

Boone's doubles team of Josephson and Gleason clinched a victory by stopping Wolf and Krekow 4-6, 6-4, 6-1.

The Boone High golf team was downed by Ames with a score of 158 to 166, Thursday, May 1.

This game gave Boone a 2-4 dual meet record even though they matched their lowest team score of the season. Boone's best score was shot by 'Chuck' McGriff, who turned in a 39.

Junior, Brian Knezevich, shot two over par 38 to walk off with the medalist honors, but the Toreadors were stopped by Carroll 172-176 here on Tuesday, April 29.

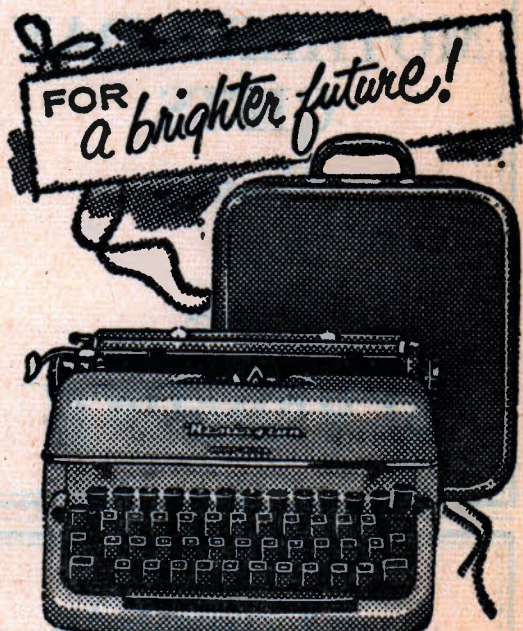

Other Boone scorers were Jim Moore, 40; Ralph Patterson, 48; 'Chuck' McGriff, 50; and 'Chuck' McCubbins, 55.

Top Carroll scorer was Dave Dickens, 41.

Frosh Present One-act Plays

The ninth grade held their one-act plays Friday night, April 18, at 7:45, in the high school auditorium. The high school swing band provided the music given before the plays. The three one-act plays that were presented were 'Sparkin', 'Box and Cox,' and 'Why I Am a Bachelor.' Between the acts of the plays Marilyn Adix presented her dramatic declamation, 'The Murder of King Duncan,' and Jim Mylenbusch presented his dramatic declamation, 'The Telltale Heart.'

Enrollment Increase

A marked increase in junior high chorus enrollment has taken place in the past four years. Each year the number in junior high choruses has risen, and this year 63 of a total of 85 boys in seventh grade, for example, have signed up for chorus next year. The other grades show a similarly high proportion of students who have indicated an interest in vocal groups by signing up for chorus.

A Bit of Algebra

X equals boy,
Y equals girl,
Z equals chaperone.
X plus Y equals bliss,
X plus 2Y equals jealousy,
2X plus Y equals war,
X plus Y plus Z equals misery.

Spring Fever

Do you ever get or have you ever had spring fever? This condition is quite common about now. Some people forget to do their lessons, have stars in their eyes, lose their appetite, or seem to be on clouds. Others become restless and do not seem to be able to concentrate on their lessons, or sit in class day-dreaming about, well let's not say, and do not hear a word that the teachers say.

Many older people wonder what causes this condition or how come the sudden drop in grades. Why suddenly their children go around holding hands, spend hours outdoors doing nothing, talk on the telephone for hours, or just sit staring off into space with their minds a complete blank.

Well, I have good news for the parents. Their parental affection, work, and worry are wasted. Spring is here and the children just have spring fever.

And to you, dear students, if sometime in the near future you see your best friend floating down the hall with his head in a cloud, don't worry, it's only spring fever.

Goofynitions:

JUNIOR HIVE

Would you like to have your pictures in the senior high Scroll, or in a separate Scroll?

Ruth Robey: "I would like to have a separate Scroll because it would show more of the junior high activities."

Jackie Parrish: "The senior high has a separate Scroll and I think the junior high should too."

Linda Suthern: "It is important to have a Scroll separate from the senior high."

La Rayne Sinn: "A separate Scroll would have more of the junior high senior high."

Lynn Clark: "A separate Scroll, because they want the junior high and senior high to be separated."

Linda Larson: "I don't care as long as Jim Hale's picture is in it."

Susan Tohill: "A separate Scroll, because the junior high is supposed to be separated from the senior high."

Chemise

Have you seen the new style
That has come to the town?
A dress that is straight
From the shoulders down.

It is called the chemise
And the girls have gone 'ape';
They've really gone wild
For the dress's new shape.

Without a doubt
These dresses are stunning.
They have a knack,
To send the boys running.

Teacher of the Week

The teacher of the week is five-foot two-inches with hazel eyes, light brown hair, and a sparkling personality.

Her favorite hobbies, which she does very well, are taking pictures and growing flowers.

The teacher of the week has the understanding and the right amount of strictness to be a wonderful teacher. She has taught at Boone for nine years, teaching the seventh graders arithmetic and geography.

After what has been said, you surely know who the teacher of the week is. Yes, it is the seventh grade arithmetic teacher, Miss Thompson.

The Double Doors

I hope that I shall never know
the dope who planned the doors
just so.

A double door, so broad and wide,
to let a thronging crowd outside.
But why should only half the door
be opened wide, and nevermore
The other half be used.

It leaves me just a bit confused.
Perhaps it is the dopest's plan
to get the best of any man,
That tho' he looks like he is free—
he has to wait.

Ben Pollard

Parody

Three rodents with defective vision,
Three rodents with defective vision,
Observe how they flee.
Observe how they flee,
They all pursued the agriculturist's
spouse,
She excommunicated their posteriors
with a carving utensil,
Did you ever observe such a phe-
nomenon in your existence
As three rodents with defective
vision?

Captain: "Something bothering
you, sailor? Sing out!"

Silly sailor (singing out):
"May old acquaintance be forgot,
And never brought to mind;
Our admiral's fallen overboard
A mile and a half behind."

Webster City Visits Boone

On April 23, nine students and their counselor, Miss Meeker, visited the Boone Junior High School.

The Student Congress had a meeting to show the Webster City students how our Student Congress functions. At that time, Boone students were assigned to each of the visiting students. The Webster City students visited classes and toured the building.

Last semester the officers of our Student Congress visited Webster City. We only hope they enjoyed our school and students as much as we did theirs.

Marshalltown Tops Boone Track Men

On April 24, the ninth grade boys played hard at a track meet here with Marshalltown, but nevertheless, they were downed.

John Malcom grabbed the only first places. Malcom cleared 5-3 to win the high jump and ran the 100-yard low hurdles in :12.9 to earn another first place ribbon.

The meet score was: Marshalltown, 144; Boone, 52.

Conceit: God's gift to little men.

Be true to your teeth and they won't be false to you.

Boys will be boys but these days girls are running them a close second.

Triumph is just 'umph' added to 'try.'

Teacher: "If your mother gave you a large apple and a small one and told you to divide with your brother, which would you give him?"

Johnnie: "Do you mean my little brother, or my big one?"

The clerical practice classes are working on individual projects which include duplicating, filing, working on adding and listing machines, and dictaphones. They also plan to practice making letters of application. Mr. Riemenschneider says he hopes his classes will keep improving as they have been.
