Conferences Revised

A new series of parent-teacher conferences will be initiated this year. In the past, the parents of all students were invited to talk to the homeroom teacher about grades and attitude.

This year the conferences will be held on February 4 and 10. There will be no school on these days. Parents of students who should be getting better grades or are failing in a subject will be invited to talk to the teacher of that subject.

The parents of the good students will be invited to talk to the teachers about colleges and possible scholarships. Each teacher will talk with approximately 25 parents. However, if the parents wish to speak with other teachers, they may call or write Mr. Moore.

Speaker, Banquet Highlight Nurses Club Activities

A regular meeting of the Future Nurses Club was held October 27.

The chairman of the banquet committee, Judirae Hendricks, gave plans for the Future Nurses Club banquet to be held November 10. After contacting the local restaurants the committee met with the club sponsor, Mrs. Downey, and decided to hold the banquet at a local restaurant.

Dr. Wall, president of the Medical Society, will be the guest speaker at the banquet. Dr. and Mrs. Wall, Dr. and Mrs. Manderscheid, and Mr. and Mrs. Joel Carlson will be special guests. Mrs. Manderscheid is the sponsor from the

Boone County Medical Auxiliary and Mrs. Joel Carlson was the club's sponsor and school nurse last year.

Mrs. Downey told of a conference for Future Nurses Clubs to be held in Des Moines on November 6. Only four representatives and the sponsor from Boone are eligible to attend. It was suggested that three senior girls from Boone High and one senior girl from Sacred Heart attend. A committee meeting was held Thursday to choose the representatives.

A letter was read by Mrs. Downey from the head nurse, Mrs. Eng, from Broadlawns General Hospital in Des Moines. She said she would be in Boone on November 17 and would like to speak to the Future Nurses Club.

Also it was decided by the members that the club would meet the first and third Thursday of every month.

Membership in the club can still be obtained. Any boy or girl who is interested in teaching and wishes to become a member should contact Mr. Lyness or a member of the club.

What Am I? Jurole

You can buy me once every two weeks. More than 800 of me are sold then. I have pictures and stories. I have four or six pages. Written by the journalism students, I am edited by the editor-in-chief, news, feature, sports, and junior high editors.

Although I sell for only 10 cents, I cost more than 15 cents to publish. It costs about \$2,200 a year to print me! Besides this it takes \$5 for supplies, \$20 for transportation, \$100 for pictures, and \$45 for photography each year. To meet these costs, advertising is sold for me. Girls on staff sell ads to stores and establishments. Each year ads pay for \$1,800 of my budget. \$525 comes each year when you students buy me. The additional \$300 comes from the activity fund.

I am not sold to make money, but to provide a service. I keep you informed of school happenings. So please take me home and read every word of me! And if you save me, sometime after you graduate you will take me out and I'll remind you of the 'good old days.'

What am I? Why, I'm the Bumble 'B,' of course!

Former Sailor **Charts Chemistry** Course in B.H.S.

In passing room 304, a friendly face can be seen. It is none other than Mr. Bruns, who has taught chemistry at Boone High two years because he simply likes 'chemistry and kids.'

Mr. Bruns' early years were spent in George, Iowa, where he attended and graduated from George High School. He next went to college; first at Morningside, which he attended from 1926 until 1931, receiving his bachelor's degree in chemistry. From this time until 1942, he was engaged in business until the war broke out. At this time he joined the Navy, in which he served three and a half years; part of the time as Chief Pharmacist Mate, and the remaining time in the Sea Bees overseas.

It was while in college that Mr. Bruns made his decision to become a teacher, and after the war was over he worked for one more year and then went to Drake University to receive his master's degree in chemistry.

His teaching career began in 1947, when he taught chemistry at Lake City, Iowa, and then at Washington, Iowa, where he taught both high school and junior college chemistry.

Besides receiving his master's degree, he took post-graduate work in summer school at U.C.L.A. in California, and at the State University of Iowa at Iowa City. He is now teaching chemistry to senior high students and the Boone Junior College.

Roses to:

The Toreadors for their fine record this football season.

The cafeteria staff for the good meals served each day.

The chemistry classes for not blowing up the school building. (Yet).

The school library and staff for providing the students with such excellent reading material.

John Clymer, Darrell Richards, and Mickey Cornelius for being elected senior class president, vicepresident, and secretary.

Thorns to:

The trig boys who always manage somehow to be in the front of the lunch line.

All those who push and shove in the hall.

Those who make the walk to the lunch-line seem like the 100-yard dash.

Autumn

The melancholy days are come, the saddest of the year-Of wailing winds and naked woods and meadows brown and sear. Heaped in the hollows of the grove, the autumn leaves lie dead; They rustle to the eddying gust, and to the rabbit's tread. The robin and the wren are flown, and from the shrubs the jay, And from the wood-top calls the crow through all the gloomy day.

Howdy doo to all of you! 'Tis All I hear from my daughter BEEn a long time since my last anymore is this new 'Kookie' talk. visit here at Boone High, but never fear, I still get around enough to know the latest news in the world of students.

Why, just the other day I was sittin' in Lu Ann Hauge's locker, eating one piece of the candy she is selling in behalf of the orchestra, and what did she do to show her gratitude but unload five boxes of Christmas cards on me. Not only that, but 103 more students from mixed chorus have them too. I guess they are selling them as a money making project.

I had wondered why the library had been looking bare the first hour on Tuesdays and Thursdays, so I followed Donna Pesek from homeroom to find where they had BEEn going. Come to find out, they were in the chorus room practicing extra for the appearance they made last Wednesday for a convention in Boone.

Well, I got to go. I don't want to miss hearing the music in Mr. Cunningham's radio room. BEE seein' you around, so BEE on the lookout! Bye, Benji.

Girls and Football Just Don't Mix!

Some people, especially boys, think a girl doesn't get anything out of a football game.

Take a conversation overheard just last Friday night between two attentive Blue Devil fans (female). Before the game started, the con-

versation went something like this: "I never thought we'd make it on time, Jan. I just couldn't decide which of your sweaters to wear."

"Oh, look, here comes the team now! Those red uniforms are sure becoming. Oh, that's the other team? Well, ours are cute, too."

"Say, Penny got her hair cutdo you like it?"

"What are they jumping up and down for-to keep warm? Oh, I see, to get loosened up."

"Hi! Bob!"

"Oh, look, some of them are going over to sit down. Doesn't the coach let everybody play ball? That's not very fair."

"Say, why is Marv kicking the ball to the other team? I always thought he was a pretty nice guy, but should be just give our ball away?"

"Gee, those are neat slacks Judy's got on. Let's go over later and ask her where she got them."

"Look at them now, Jan-they must have decided to quit for a while. They're all standing around talking . . . Oh, that's called a huddle?"

"Why, Julie's bleached her hair. I liked it much better the other way."

"What's everybody yelling for? You say we got a touchdown? I didn't see it, did you? I always seem to miss the touchdowns-I can't understand why."

And so the conversation went. Now don't you fellows agree that a girl gets a lot more out of a football game than you ever suspected?—The Blackhawk, Davenport High School.

Boone Boosts Bounty

A relieved sigh went up from the victorious Toreadors as the final seconds of the Boone-Newton football game flashed across the scoreboard. The cause of this reaction was a tooth-and-nail battle to protect a 6-0 lead. The Toreadors obtained the first quarter when Darrell Richards zig-zagged forward two yards for the only score of the game. Dave Adams' kick was wide off its mark.

It was an infuriated Newton team that limped up to receive Boone's kick following the score, and several times during the remainder of the game the Cardinals threatened to dispose of Boone's precarious lead. But a stout and determined Toreador team, under coaches Merle Harris and Larry Parr, refused to let the pigskin be carried, thrown, or fumbled across the goal line by a Newton player. As the game entered its final minutes both teams became more determined, Newton to score, Boone to keep Newton from scoring.

Varied Activities Promoted in Gym

Exercise tops the list of activities in boys' gym classes this fall; nothing like good healthful exercise to put a class-weary student into or out of shape. Other activities this year consist of wrestling, trampoline work outs, whiffle ball, and dodge ball. At last report an intermural polo game was in full swing, the Red Mallets opposing the Gold Mallets.

With the first nine weeks coming to a close, swimming and gym classes will exchange activities. Swimming curriculum this quarter has consisted of the popular water polo and 'ducks on the pond.' Ever popular is the free period. But in swimming as in gym, preliminary exercises are a must from the instructors' point of view.

To keep up an active interest in physical education a variety of activities is planned into every class.

Physical Fitness Tests

The girls' physical education classes have been taking physical fitness tests, doing exercises, and jumping on the trampoline during the last nine weeks. Miss Marilyn Quinn is the instructor of this course.

In the physical fitness tests, 85 per cent of the girls ranked above average. They were grouped by either size and weight or age and judged according to a scale.

These tests will be given again the next time the girls have gym to see if they can improve themselves. If they rank from 50% to 80%, they will win a badge with SENIOR on it. The badges of those ranking 80 per cent or above will say SEN-IOR MERIT.

The longest winning streak is 48 straight by Yale from 1885 to 1889. The longest unbeaten streak is 63 games (59 won, four tied) by Washington from 1907 to 1917.

Campaign Ends; 4-3-1 Record

The Toreadors finished this season's football campaign with a close 14-13 loss to Grinnell on a slick turf. They finished the season with a 4-3-1 record.

In the first quarter, George Hannum tore over the line from nine yards out to score a Toreador touchdown. Attempt for the extra point by Dave Adams failed. The touchdown followed a 43-yard drive.

The kick-off a few seconds later by Darrell Richards was picked up by Grinnell's Gary Miller and was run back 85 yards for a Tiger touchdown. Miller ran for the extra point which was good. Score at halftime was 7-6.

Following a 65-yard drive, Terry Ferry plunged two yards for the Toreadors. Ferry scored the conversion point. Hannum and Ferry each had 25 yards rushing in this touchdown drive.

Later in the third quarter a 10yard pass play from quarterback Ibbotson to end Dave Abel scored the final touchdown. The point after touchdown was run by Ibbotson.

The Toreadors' final drive ended late in the fourth quarter on the Grinnell two-yard line.

This was the best defensive game played by the Toreadors. They yielded 52 net yards rushing and 30 yards by air. John McMahon and Tom Burke were standouts in this defensive action.

Boone also played its best offensive game statistic wise except for a point. The Toreadors had 17 first downs compared to three won by Grinnell.

Webster City Slips by Boone Sophs, 13-12

On Monday night, October 26, the Boone sophomores met Webster City at Goeppinger Field. The Webster City team was about 15 minutes late, but they made up for that by winning 13 to 12.

Webster City kicked off in the first quarter and made the first score with two minutes and five seconds left in the first quarter. The extra point failed.

Boone came back in the second stanza to tie the score. The extra point failed. The half came with Webster City and Boone tied 6-6.

With one second left in the third quarter, Webster City scored again. This time the extra point was successful.

In the fourth quarter Boone made a touchdown. The score was 13-12. Boone's extra point attempt failed. In the snap from center the ball was fumbled and the kicker picked the ball up and ran. He was stopped short of the goal line.

Both teams were hampered by bad weather and penalties. Webster City had eight penalties in the game, and Boone had six penalties.

EDITORIAL

How active are you in school activities? We have a vast number of opportunities in which to participate; yet most of us remain inactive. The result is a school program not as effective as it could be.

The reasons given for not taking part are senseless. Being too busy, not being informed of the activity, and not having enough time are insufficient excuses.

We can be proud of our school only if we take an active part in it. We must realize that we are the future men and women of the country. Thus, to become well rounded, we must accept the responsibility of attending, as well as participating in, plays and music events sponsored by our school. We must give our whole-hearted support to sports events. This does not mean that we should attend them and talk to our neighbor, paying no attention to the game. Remember! A school is judged by its students and their attitudes. Let's keep our school name honored everywhere.

Pony Tails Preferred

Accenting the new and old hair styles for this year is the conventional pony-tail. There are some rumors about the pony-tail which have been proven false. One of the stories circulating about it is that if a pony-tail is worn too long and too tight it will cause a loss of

Another hair style is the short hair cut with a simple curl on each side of the face, just in front of the ear lobe. A few of the more common styles are: the versatile page-boy and the boy's bob. The duck-tail isn't as popular this year as it has been in the past. The shorter hair is competing with the longer hair, as has been proved by the number of long hair styles being sported. One example of this is the hair piled high on the head, or better known as the French twist.

Pep Assembly Features 'Fashions'

Junior high held a pep assembly Wednesday afternoon at 2:45 in the auditorium.

The assembly was a style show of unusual sights one might see at a football game. Judy Peters introduced the models as they entered the stage. Jim Caldwell, the first model, was Miss Twirly Whirly, followed by Jim Grabau, known as Miss Sack; Roger Dutton was known as Miss Chemise; Bob Lovejoy appeared, modeling a space suit. To end the style show John Bush, known as Miss Barrel, modeled.

Following the style show, a few cheers were led by the cheerleaders and their two mascots. The cheerleaders were Eric Erickson, Fritz Westfall, Steve Felton, Tom Inman, Pat Ahlstrom, Tom Anderson, Steve Roeder, and 'Pinky' Larson. The two mascots were Allan Neelv and Ricky Houser.

The closing of the assembly was taken over by the regular cheerleaders. They closed the assembly with the school song.

Father, to teen-age daughter's boy friend, who is holding a sandwich in one hand and a pop bottle in the other: "Glad to meet you, Herbie-I've noticed you in our budget for some time."
