Class Day

Class Day this year consisted of many laughs, hugs, and tears. It may be sad to leave high school friends but the next chapter in life is just getting started.

Graduation

Congratulations, Class of 2013

Graduation took place on Sunday, May 19, 2013. The Boone High School Class of 2013 walked across the graduation stage one by one to receive their diploma—a representation of years of hard work.

Many people spoke in order to congratulate the seniors and wish them the best of luck in their future endeavors. Administrators such as Dr. Johnson and Dr. Menard spoke as well as Math Teacher Mr. Wells and Senior Class President Blaine Phillips.

Mr. Wells spoke about enduring hardships—that you have to keep going in order to reach “The Land of Golden Opportunity.” Blaine Phillips thanked the people who have helped the senior class along the way.

Boone High School would like to congratulate the Class of 2013 on a job well done and wish them the best of luck as they begin their new adventures.
