# Do You Feel Dressed Up in a Soft Collar?

"A great demand for a smart-looking, starched collar for men has developed as a result of the war."

This statement is a quotation from an article that appeared recently in a magazine that is an authority for men's wear in the United States.

As a nation, the war taught us neatness. Men learned the value of trim dress. The passing of the soft collar and the popularity of the starched is a result of that object lesson. For it is a fact that no single detail of apparel adds so much to a man's good appearance as a well-starched collar.

Our services are especially at your disposal for this item of your dress. You send us your collars—we deliver them perfectly laundered, justrous, immaculate, smooth and pearly, with none of the rough "saw" edges of the ola stand-up of the days gone by.

Play fair with yourself in your personal attire. Telephone us. Then wrap your bundle securely and our driver will call for it.

#### Benjamin Franklin Said—

"There is one principle which a man must follow if he wishes to succeed, and that is to understand the meaning of THRIFT."

MILLIONS of words have been written and preached about that one little word, thrift. It is probably one of the most familiar words in all languages. Yet a clear understanding of it, to most people, seems to be as elusive as the famed "Lady Luck."

Here is what it really means: Sensible Saving, Sensible Spending, Sensible Investment. Time will do the rest.

## Contrast Conditions 100 Years Ago With Those Today

Many of the old log houses of our forefathers are still standing today. In those days there was less hazard from fire and other destructive forces.

But today, with the introduction of each modern convenience of heating, lighting and other facilities, there is more and more danger of destruction by fire.

So it's the duty of every house owner to keep fully insured, for his own sake as well as for the sake of the community.

Mr. P.—"When you lengthen the pendulum you lengthen the period in proportion.

F. Tretter-"For Gosh sakes! don't lengthen the one on that clock!"

Jane R.—"I wish God had made me a man." Bernice M.—"He did, I'm he."

Skinny (viewing John Marsh's new shoes)-"Goodness, John, how much did your shoes cost.

John-"Oh, I don't buy them by the shoe. I get 'em by the yard."

Ugh! I just swallowed a worm! Take a drink of water quick and wash it down! Wash it down nothing! Let him walk.

> Lives of easy marks remind us We can make existence pay. Let us then be up and doing Every Rube that comes our way.

"Breathes there a man Who never on the side Hath said, 'Ah! that I Were in the Annual'; Who ne'er aspired as hero In some bum joke or Wretched pun; Who ne'er how oft he dodged The kodak but hoped that After all they got him; Who never wished the calendar Should tell, if he changed His socks or bought some collar buttons; If breathes there such a one May he go down through these Pages, unhonored and unsung; May the vile wretch ne'er have The chance to say, 'Gol ding it! I'm in the Annual'."-Ex.
