Feb., 1989. Retired to Ogallala at that time.

Comments: I was a purchasing manager for a large manufacturing
company for many years. We retired in Feb., 1989, to Ogallala near
our home on Lake MacCaughny. It is indeed a slower pace than the
city of Denver, and we're enjoying it immensely. We were never
blessed with children, so I have been very involved in the purch-
asing profession. Our recreation has been boating, fishing, and
traveling!

Occupation: Retired FBI, security

34; Sheri Isabel, 32; Brian John, 30
Grandchildren: Ryan, 4, and Christine,
1, Hickman; Shauna, 7, Rachael, 5;
Catie, 10, John 8.

Comments: "Graduation in January, 1944,
allowed me to immediately enlist in the
old Army Air Corps. Paul Lowry and I
were sent to Keesler Field, Mississippi,
for Air Corps basic training in prepara-
tion for Cadets. Much to our surprise,
cadet training was being phased out,

and we were sent to tech schools. My route took me to radio elect-
ronics schools before being assigned to setting up Instrument Land-
ing equipment throughout the Mariana Islands in the Pacific for the
air attacks from our B-29 bases. Discharged in 1946, after enjoying
myself for a time, I attended Drake University where I met Maurina
Lewis. We were married March 4, 1951. Ray Laver had a church at
Altoona and was our presiding minister. After receiving my Bachelor
or Arts, and Bachelor of Law degrees, I passed the Iowa State Bar
examination and applied for Special Agent's appointment with the
FBI. Following acceptance in 1954 were assignments to Springfield,
Ill.; New York City; Denver; and Grand Junction, Colo. Retirement
from the FBI was taken in 1976. After leaving the FBI, the Occiden-
tal Oil Shale Co. gave me an opportunity to set up a security pro-
gram in anticipation of their expansion to provide oil from shale
to handle the oil needs of the country. Saudi Arabia was smart
enough to drop their oil prices enough to eliminate the need for
oil shale processing. So, I retired again, reluctantly. Since
retirement, activities in the United Way, church groups, Toast-
masters, National Association of Retired Federal Employees, poli-
tics, various task forces, boards, and other organizations have
kept me busy. Since getting a Macintosh computer, the great Amer-
ican novel must be on its way! Make notes on all your best adven-
tures. I'll be talking to you! I have met a lot of wonderful peo-
ple during my travels, but none as memorable as my times and
classmates of Boone High School. What a great bunch!"

would do - two left feet, and hard to beat! But, I've always had
a pretty fair, happy attitude about it all and am considered a

Winona is a helluva name (Indian for Swede?).

I've recently been widowed, 2½ years ago. My husband passed away
in Rochester, Minn. after we rushed him there to try to save
him. I miss him a lot, especially when I want to go places and
