After graduation I worked for Woolworth's, Spurgeons, and Hamilton Hardware. When we were married we moved to Story City where Bennett is in the trucking business. After our youngest (Denise) was nine years old, I decided to go to work part-time in the grocery store as a cashier and trainer. I no longer work and I am enjoying our children and grandchildren. It seems like we are gone from home a lot of the time.

Bud and I met when we were attending Iowa State, and we were married in 1951 after my graduation. I was a homemaker for the first 20 years of our marriage, and Bud's career was in the life insurance industry. He started as an agent, became a supervisor, and ended his career as a Marketing Officer in the home office of the Washington National Insurance Co. in Evanston, Ill. We began our married life in Des Plaines, Ill., and lived there until we moved to Ft. Wayne, Ind. in 1961. In 1969, our next move took us to San Mateo, Cal. for two years and then it was back to the Chicago area.

I began to work for the Pacific Telephone Co. in California and transferred to Illinois Bell when we moved back to Chicago. I went with AT&T when the BIG split the Bell System took place, and stayed with them until I retired in Dec. 1989. I was in marketing and sales the entire time I worked, and had positions as an Account Executive selling telephone systems to government groups (both state and federal), airline reservation systems, hospitals, and schools, and held sales management and staff positions. My career was an unexpected bonus experience-and now I am thoroughly enjoying retirement. We play lots of golf, enjoy traveling, and being involved in our family activities. Our summers are spent in Rolling Meadows to be near the family, and winters will find us in Boca Raton, from early October until late April. We still spend the Christmas holidays in Illinois because we can't miss being with the family at that time of the year.

After graduation I worked for five years in the Traffic Dept. of Northwestern Bell and really enjoyed being a "hello girl". On September 28th, 1952 I married Merle Lee in Boone at the old Augustana Lutheran Church. I became a farmer's wife and our first eight years we lived on a farm two miles south of Ames. In March of 1961, we moved to another farm west of Gilbert where we still live.

Life has been quite a challenge for this city gal learning all the techniques of farming in our early years, and now the ups and downs of health problems in our golden years. We've enjoyed spending many winters with our 5th wheel trailer in Texas, but have now decided to spend our winters in Iowa watching the snow fly and resume camping in the summer.

Following graduation, worked for Redekers' Furniture Store, then both Fort Dodge, Des Moines and Southern, and Chicago Northwestern Railroads. Following rehabilitation, attended Allied Institute of Technology in Chicago, then worked for Rolfes and Percival in Boone as Drafting and Designing Engineer. Was in business for myself until appointed Treasurer of Boone County (Joan took over the business during this time). In 1966 we moved to Des Moines, Iowa where I was employed as Auditor for the Iowa State Department of Revenue. Since retirement from this position, we moved to Nevada. Joan and I have enjoyed boating, skiing, horses and camping with our sons and family in younger years in Iowa. We still enjoy camping and traveling in our R.V. now instead of a tent. I do stained glass work and wood carving now as hobbies; swim at the pool, and gardening. We travel to Iowa and Michigan to see family and friends, also have covered many other states and Canada in recent years.

Worked in Racine, Wisconsin for Wisconsin Bell Telephone Co. from 1947 through 1949. Transferred to Mason City, Iowa and worked as an operator and instructor for Northwestern Bell until August 1954. Married A. John Cazanas (class of '47 - Mason City High). Lived in Emmetsburg, Iowa and Rockford, Iowa where I worked off and on part time as Public Librarian and John taught High School English and Speech. He retired in 1991 and we made travel plans and we did go to Greece for 5 weeks in April '91.

We have 3 daughters - 2 grand kids. In 1992 John was riding his bicycle on RAGBRAI when he had a stroke causing him to fall backwards and inflicting severe brain injury. We moved to Mason City in 1994 to be close to the hospital and clinic. John now resides at Iowa Odd Fellows Home and I live with our youngest daughter who works in Mason City.

Before graduation, I started working on the railroad, worked there until Nov. of 1947. Then I started Electronic School in Omaha, Nebraska. It was there I met Gloria Greene of Falls City, Neb. And Kansas City, Mo. I graduated in July of 48 and Gloria and I were married in Oct. of 1948. I came back to Boone and went to work at Garretson Electric as radio and tv repairman. In 1950 I received an opportunity to join Electrical Union as apprentice electrician. The pay being over half again what I was making, I took it and put in 43 years as electrician, working mainly between Ames and Des Moines, retiring in 1992. During this time we became parents of seven great children, 19 Grandchildren, and 6 Greats.

I had my own business, near Sioux City, for three years, then moved back to Boone in 1956. In 1966 we bought a farm west of Boone, close to the High Bridge, and have resided there since. This is our retirement home..

Thru the years I have been active in PTA, Boy Scouts, Demolay, Masonry, Church, photography, cattle, Genology, Antique cars, RVing, Tour Guide on the Scenic Valley RR, and once in a while class reunions. I also played Soft-ball until 1992.

We thank the good Lord for the many blessings he has bestowed on us.

I married Bruce W. Johnson a few months after graduation. We have four sons ages from 26 to 48. We also have eight grandchildren, and three step grandchildren, ages from 2 to 26.

When I left school I was working for Hansen Plumbing, from there I went to Nelson Lumber Yard as a bookkeeper. In January of 1948 we moved to Durango, CO. There Bruce worked for Montgomery Wards. In February of 1950 we were transferred to Garden City, Kansas.. We were there only a short while when we moved back to Boone. Bruce went to work for the CNW Credit Union for 5 years. In 1965 I opened a Fabric & Sewing Center until 1971. In 1984 I read water meters for the City of Boone.

My husband and I both retired in 1988, and live at the Regency Retirement Complex, 1110 So. Marshall St. I spend my time now being a grandmother and taking care of my husband. We have been married for 50 years.

CNW Railroad brought me to Boone, August '43 from St. Louis, MO. After graduation; employed Coast to Coast and National Tea Grocery. Graduated December '48 from Iowa School of Beauty and to Bon Ton Salon.

Living in Ogden 48 years and involved with two granddaughters there and fly to California to see others there. Dean is 4th generation charter member of Swede Valley Lutheran Church. He retired Enron Corp. August '93 after 42 years. We motor to Missouri, Kansas, and Wisconsin.

I'm into genealogy in Pulaski, Colorado, Missouri and elsewhere. In the DAR in '95. I "haunt" old cemetery's and all Court Houses. We take Yoga and exercise at Heartland Center for "creaky joints". My hair cutting scissors always clip/clip/never to retire from family. What did we do before retirement???

From 1943 to 1969 I was an active member of the Iowa National Guard, retiring after 26 years as a Colonel. In retirement I have been active in Boy Scouts, church and the National Wild Turkey Federation. I am also having fun remodeling a cabin on timberland we own. Finally getting around to...

I married Jeannine Lindmark in 1949, and we have three children and four grandchildren. We lived in Boone, Des Moines, and spent twenty years in Earlham, Iowa, moving back to Boone in 1974.

From 1947 to 1954 I worked for the Ft. Dodge & Des Moines and Southern railroad and also the M & St. L railroad. While working full time, I also graduated from Boone Jr. College in 1952, and Drake University in 1954 with a degree in Business Ed. I taught in Earlham for six years, was a counselor for three years, and the Principal for one year. In 1964 I took a position with Look Magazine in school fund raising. I found I really enjoyed it and spent the last 30 years in that profession as a salesman and also District Manager. The last six years I have been part-time doing the six Middle schools in the fall at Cedar Rapids, Iowa. This year I will be consultant only and then I will hang it up.

From 1948 to 1969 I was an active member of the Iowa National Guard, retiring after 20 years as a Colonel. In retirement I have been active in Boy Scouts, church and the National Wild Turkey Federation. I am also having fun remodeling a cabin on timberland we own. Finally getting around to the bathroom on the insistence of Jeannine! We've had fun, been blessed by God, and met the ups and downs of raising kids with everything in tact - amazing how grown-up children become as nice as we are!! Celebrated our 50th Wedding Anniversary 1997 in Ogden where we have lived since 1947.

I have had many jobs. The most important being a mother of four, taught me the most. I worked as secretary, bookkeeper and go-fer for Treloar Plumbing for 25 years.

After Don went out of business and to Iowa State University to work, I was employed as a nurses aide at the Evangelical Home in Boone 5 years and Ogden Manor 1 year. I then took the most enjoyable job as baker/cook for Ogden Community High School for 14 years until I retired. Now I enjoy my bridge and pinochle clubs, sewing and anything else I want to do.

Our daughter lives in Lynnwood, Washington and we go to see her when we can. Our youngest son lives in Urbana, Ohio so we have both directions to go.

In 1947 I never gave a thought about fifty years hence, it seemed that was an impossible length of time, now I wonder where I went. We are both glad we are in no worse health than we are. Now 80 doesn't look so far away. Scary isn't it!!!

Following graduation from BHS, I attended Boone Junior College for two years. In 1949, I enrolled in the College of Engineering at Iowa State University. This schooling was interrupted early in 1951 to attend the radio repair school at Camp Gordon Georgia for the National Guard. I re-entered ISU in 1952 and subsequently graduated in 1953 with a BS in Electrical Engineering and accepted a position with Collins Radio Co. in Cedar Rapids. (Collins was subsequently acquired by Rockwell International in 1972.) During the late '50's and the '60's my work was concentrated on America's manned space programs; Mercury, Gemini and Apollo. By then my interests had turned from engineering to quality assurance and I became Manager of Supplier Quality Assurance for Government Avionics until I retired from Rockwell in 1987.

Bev entered my life during the time I was attending ISU. She was a student in the School of Nursing at Iowa Methodist Hospital in Des Moines. She earned her RN degree in 1952 and we were married in 1954.

Current interests include golf, woodworking and travel. Every year we spend two months in Southern California to escape at least part of the cold Iowa winters. It's unlikely, however, that we will ever move to a warmer climate since our two children and four grandchildren also live in Marion. Family togetherness has precedence over environmental comfort.

I worked at a lot of different jobs between 1947 and 1959. I did some horse training for other people from time to time, and I also made the show circuit with my Palomino horse.

From 1959 to 1969 I worked in the office and assisted at a large animal veterinarian unit. In the summer of 1970 I went to work for Oshkosh Tanning Company. In 1994 I cut down to part-time, and retired in March 1997.

I live on an acreage just outside of the northeast city limits of Boone. My mother also lives with me. I keep two saddle horses and four Shetland ponies that I show and parade in the summer.

Horses and ponies have always been a big part of my life, and always will be as long as I can take care of them. I belong to some riding and driving clubs and I do some volunteer work. I manage to keep busy.

Following graduation, I was employed by Bowman Shoe Store as a bookkeeper/Salesperson. A position opened in the bookkeeping department at Boone State Bank & Trust Co. and I was hired. Jim and I were married January 1, 1949 (a date we could both remember!!) After our first daughter was born, I became a full-time mom. Jim started Mortuary College in 1953 and I stayed in Boone to help at the Funeral Home. The summer of 1953, we purchased a home on South Boone Street and lived there for 30 years. We moved to our present home in 1981.

After our daughters graduated, I worked part-time at Bacon Jewelers then went full-time at the Family Practice Clinic. When Jim's brother, Sonny, died in 1977, I went to part-time at the Clinic and part-time at the Funeral Home.

I have held various offices in P.T.A., Women's Guild, J. C. Jaynes, and still do lots of volunteering in the community and church.

I enjoy bridge, yard work, taking mini-vacations and being with our family.

Three Great Grandchildren

After graduation from BHS, I entered St. Elizabeth Hospital School of Nursing in Lincoln, NE, becoming an R.N. in September, 1950.

I married for the first time in January 1951. Dick Danner was a longhaul trucker and we had a son and daughter. Only our daughter, Terry, lived. She is now 44, living in Lincoln and has two children of her own, and three grandchildren.

Dick was killed in 1965 in an industrial accident. He was 37 years old.

I married for the second time in April, 1970. J. Wm. Ballew, M.D., a physician and surgeon, specializing in Obstetrics and Gynecology in Lincoln, NE. Bill brought to our marriage a son and daughter I was privileged to help raise.

We established the women's Clinic of Lincoln, retiring in 1983 due to Bill's failing heart. During his years in medical practice, he delivered more than twelve thousand babies, and too many surgical procedures to count. He was the finest physician and teacher I ever knew.

We became Winter Texans for nine years, but the last few years we were home bound. Bill died Dec. 18, 1995 of cardiomyopathy at age 70. I live alone in our family home, alone but not lonely. Together, we have six grandchildren and three great-grandchildren.

My mom and sister, Shirley, live in Memphis and my sister, Dorothy, is still in Boone.

After graduation, I bounced around Iowa, Oregon and California before returning to Boone and joining the U.S. Army as a Paratrooper in August 1948.

I served in the 82nd Airborne Division, 4th Airborne Ranger Company (Korean War w/one combat jump), Alaskan Defense Command, and the 77th Special forces. I was discharged from active service in July, 1955.

On October 8th, 1955 I married Joyce Kinser in Fargo, North Dakota. We had met in Ft Benning, Georgia in 1950 while she was serving in the U.S. Womens Army Corp (WAC) as a Medical Lab Tech.

In January, 1956 with Joyce serving out her enlistment in the WAC's, I enrolled at the Missouri School of Mines College in a nearby town to Joyce's station at Ft Leonardwood, Missouri. I graduated with a BS Degree in Electrical Engineering in July 1959.

I was hired by Schlumberger Well Services (a world-known wireline service corporation in the Petroleum industry) and started my training in Shreveport, Louisiana. I retired from Schlumberger in February, 1989 as the Manager of the Gulf Coast Offshore Unit Renovation Center in New Orleans, Louisiana.

Joyce blessed me with three fine sons but tragedy struck our family in 1994. Joyce was diagnosed with lung cancer in February and was operated on in March at the M D Anderson Cancer Hospital in Houston, Texas. Follow-up exams have been A-OK, so far. Then in July we lost our oldest son, Stephen, from complications caused from a stroke he had on Father's day in June, 1994 - was a very trying year!

To-date Joyce and I visit our children and divide our time between our home in New Orleans and our Lake cottage on Toledo Bend Reservoir on the Louisiana-Texas border.

After graduating, I worked on the Walter Goeppinger farm. In August 1948, I started working full-time at Schroeder Funeral Home. In 1952, I did my one year apprenticeship, then went to the College of Mortuary Science in St. Louis, MO, graduating in December 1953. After completing 1 more year of apprenticeship and passing the State Board, I was licensed as an Embalmer and Funeral Director in 1955.

I have enjoyed working on community projects, golfing, fishing, and hunting over the years. Being semi-retired, I am able to enjoy working in the yard, cutting and planting trees and helping my farmer friends when needed; plus being part-time at the Funeral Home. I am also involved with various committees in the school and church. We have taken several tours in and out of the United States, which we enjoyed (NO DRIVING!). I like visiting historical places and reading.

Being able to spend more time with my children and grandchildren in the last few years has meant a lot to me.

I worked for several years as a telephone operator. On May 9, 1949, I married Francis Fitzgerald. In between daughters, I worked at the Boone County Hospital as a switchboard operator, then as a legal secretary for Boone attorney, Paul Hellwege. We moved north to Mason City in 1963 when Francis was transferred with Arnold Motor Supply. Our son Michael was born in 1965. To say it was a busy household with three teenage daughters and a toddler at home would be an understatement. Suffice to say, I learned to laugh my way through it all (I found it hid the nervous twitch.)

The cliché is true - time does fly by so fast. In a veritable blink of an eye my children are not only grown and married but two of them have teenagers of their own. I do feel blessed because three of them still live here in Mason City with my grandchildren. I also feel blessed because I had 40 wonderful years with Francis. He died suddenly of a heart attack in 1989. These subsequent years have been a time of transition and reflection. I sold my home a year ago and have joined the ranks as an apartment dweller. It's been quite an adjustment, and with the divine help of my Lord Jesus Christ, I am surviving.

After graduation I worked at the Boone Dairy until February, 1949. I then went to the University of Iowa from February, 1949 until June, 1952. I came back to the Boone Dairy in 1952 as their office manager until 1972 when I quit to work for Sunstrand's in Ames. I continued working there from March, 1973 until I retired in 1990.

After retiring from Sundstrand's I found I missed working so I went to work for Hy-Vee in July of 1990 until February 1991. In April 1991 I went to work for the Dutch Oven Bakery and I am still there.

I have enjoyed taking cruises, visiting Las Vegas, and trips to the Cubs and Bull's games in Chicago. Just enjoy working part-time and living in Boone.

I worked as a secretary at the Hawkeye Laundry in Boone, until July 1950. Married Jerry Phillips June 19, 1949. Lived in Pammel Court, Ames, Iowa and worked as a secretary in the Animal Husbandry Dept. ISU. In 1952 we moved to Ft. Madison, Iowa and I worked at the Shaeffer Pen Co. that fall. In 1962 we moved to Cedar Rapids, Ia. There I worked as a secretary at the Lutheran Church. In 1965 we moved to Kewanee, Ill. I worked as a secretary at the telephone company there. In 1966 we returned to Ft. Madison. I worked for the County Supt.'s office for a year. Then in 1970 I went to work in an elementary library and was there until the end of the school year in 1978. We moved to Memphis, Tenn. in 1982 and to Ft. Worth, Texas in 1988. In 1990 we returned to Ft. Madison to retire.

However, after having lived several years in the warmer winters in the south, we decided to move to Bella Vista, AR. in October of 1995. It is a lovely retirement area, with lots of golf courses and we both enjoy that. We enjoy our families and like to travel.

After graduation I worked for the Ft. Dodge line railroad from 1947 to 1953.

In 1953 we moved to Denver, Colo. where I bought a service station. I ran service stations from 1953-1970, and then I took a sales course with Dale Carnegie. After the sales course I went into sales for Sitco Oil Co. from 1970 to 1972. In 1972 I became sales manager for Holmes Hardware in Pueblo, Colo. In 1974 I went to work for Colorado Garden Supply as sales manager until 1990 when I retired. I hope to be retired from 1990 to 2030!

However, after having lived several years in the warmer winters in the south, we decided to move to Bella Vista, AK. in October of 1995. It is a lovely retirement area with lots of golf courses and we both enjoy that. We enjoy our families and like to travel.

Attended Iowa State Teachers College where I met Russ. We were married September 24, 1948. I taught at the Boone County Home Rural School two years and then stayed home to raise our family. In 1972, the Jasper County Bank in Newton called me to help out and I stayed twenty years serving as receptionist, student loans and customer service. We also served as hosts for the bank bus trips before and after retirement. I helped organize the Newton Dollar For Scholars Program and started their annual fund raiser "Christmas Tour of Homes". We have served Ambassadors for the city of Newton and I have been active in the local hospital auxiliary including president. Both of us enjoy working in our church. Russ retired from the State Department of Education in 1986. We are loving retirement - traveling with friends, golf, cards, gardening, cooking, etc. The best part is the good times with out children and grandchildren.

I can't believe its been 50 years. I have lived in Boone the entire time and worked at various places at least 40 of these years. I retired in 1993 after almost 20 years as secretary to the Superintendent of good old Boone Community Schools. This was a wonderful job but not as much fun as retirement.

Life has had its usual ups and downs but my family and friends have more than made up for the downs and its been a very good 50 years.

After graduation, I spent the next three summers with the Forest Service in the Bitterroot Mountains in Montana. At Iowa State I got a degree in Civil Engineering, which let me into heavy construction. Spent four years in the Pittsburgh area and then headed to the Los Angeles area, where I spent another four years as an estimator, again in heavy construction. While there, I got involved with computers, and made a career shift into the computer business with IBM. For the next 32 years I was involved in various aspects of developing and marketing scientific applications for small computers. This took us from Los Angeles to Portland, Oregon (9 years), to Stamford, Connecticut (19 years), to Darnestown, Maryland (4 years), and finally to Tampa, Florida (5 years). In living in the four corners of the country, we got to sample the fun features of each area. When I chose to hang up my white shirt and tie, we selected the relaxed environment of South Carolina. We live on a large lake near the Blue Ridge Mountains, and are enjoying a very laid back life style.

One thing that I enjoyed immensely, was a fifteen year tour of duty as a Scoutmaster of a scout troop in Connecticut. Got involved through our two boys and then hung in there until we moved to Maryland. The troop went camping once a month, year around, and then in the summer we would go on a week long, major wilderness outing. Now that my bones are starting to creak, I am limited to about once a year, going to Washington, and backpacking or climbing a mountain with our son and grandson.

While I did not graduate with the class of 1947, I appreciate being invited to attend the reunion as I do have ties with many of the members of that class.

I have lived here in Boone all of my life except for the two and one-half years I served in the military service in Alaska. You will recall during the war years in the forties there were many jobs available due to the manpower shortage. During the summer of 45 George Hagaman and I hired out on the CN&W Railroad working at the passenger station loading mail and baggage on to the streamliners. That fall I decided to join the service and left school in my junior year.

I married Doris DeMouth in 1951. We have five children and sixteen grandchildren. Three of my children live here in Boone, one in Kansas City and one in Denver. We celebrated our 40th wedding anniversary in 1991 with all of the family able to attend.

There is probably nothing unusual about the last 50 years other than the usual ups and downs of raising a family. We've been blessed with fairly good health and healthy kids. God has been good to us.

Since graduation from Boone High I have lived in Farragut, Idaho, Cedar Falls, Walker, Kingsley, Des Moines, and Waukee, Iowa. I am now a resident of Jupiter, Florida. I have taken a few courses at DMACC and management training in Kansas City. When the children were small I was in direct sales for Avon, Sarah Coventry, and Home Interiors & Gifts. Then I worked as Librarian and Secretary for the Saydel and Des Moines Public Schools and trained account clerks when I worked for Regional Association of Local Governments. I have been an antique dealer for 39 years, doing shows and I currently have a antique business in Walnut, IA. I have been a long time member of the National Association of Watch & Clock Collectors and former Secretary-Treasurer of the Des Moines Chapter. I am also a member of the International Willow Collectors. We love traveling over the country looking for merchandise to buy for my antique shop.

In January 1995 I was diagnosed with esophageal cancer. I have had chemo, radiation, and major surgery in the winter and spring of 1995. I have been cancer free at each check up since the surgery. My goal is to attend my 50th class reunion and enjoy visiting again with my classmates. God willing I'll be there.

After spending all twelve years of schooling and graduating from Sacred Heart School in 1947, I attended Boone Junior College. I was employed at Aldag's Real Estate and Insurance Office for about three years, until I married David Yegge on June 23, 1951. Our honeymoon took us to California, where we spent about a year in Sebastapol while David completed his Air Force duty at Hamilton Air Force Base. In 1952, we returned to Boone, where three of our four daughters were born. Our youngest daughter was born during the eight years we spent in Little Rock, Arkansas. We moved to Los Gatos, California in June of 1966, where, except for a year in the mid seventies when we lived in Kailua, Hawaii, we have lived ever since.

Dave has been retired, off and on for several years, but is never quite convinced retirement is for him. My interests have always been varied, and I manage to pursue most of them. Dave and I play golf several times a week, together and separately, at Almaden Country Club, where we are members. Bridge remains a big interest for me, and I play about twice a week, but my favorite job is babysitting for one or more of my five grandchildren. The opportunity to do this, as well as to spend holidays, birthdays and special occasions with our daughters, sons-in-law, and their families reminds us of how truly blessed we are. Although our immediate family all lives in California, Dave and I still have relatives in Boone, Ames, and Dubuque, and we have returned to Iowa often throughout the years.
