THE 1949 SCROLL

HONORS BOONE ★ ★ ★ ★

Boone, Iowa, has been nationally designated Typical Mid-West City. The word "typical" denotes symbolism. To us, Boone is symbolic of our good homes, schools, and churches. She is a city of true homes; her educational institutions have helped us adjust ourselves to our present life situations and at the same time prepare us for the future; our churches and ethical organizations have given us a firm foundation for our faith. In appreciation of these things we, the class of 1949, sincerely dedicate this book to you, our home city,

America's Most Typical Midwest City

HIGH SCHOOL DAYS SHOULD BE HAPPY DAYS. FRIENDSHIPS MADE DURING THE YEARS IN HIGH SCHOOL ARE OFTEN MORE ENDURING AND MORE EFFECTIVE THAN KNOWLEDGE ACQUIRED.

THE SCROLL SERVES AS A SORT OF TREASURE CHEST FOR THE EVENTS, THE "OLD FAMILIAR FACES," THE CLUBS AND CLANS, AND THE ACCUSTOMED MEETING PLACES IN THE GOOD OLD DAYS AT BOONE HIGH. AS THE YEARS PASS BY, MANY OF YOU WILL TURN THE PAGES OF THE 1949 SCROLL AND YOUR MEMORIES WILL BE REFRESHED BY SEEING YOUR FRIENDS AS THEY USED TO BE.

CONGRATULATIONS TO THE SCROLL STAFF FOR THE SPLENDID WAY THEY HAVE PRESERVED, IN PICTURES AND IN SCRIPT, THE EVENTS AND FACES OF TODAY'S BOONE HIGH SCHOOL..... TOMORROW'S MEMORIES.

TO THE CLASS OF 1949-1999

Once again it has been my pleasure to put this booklet of memories and stories of your lives together since that last day in 1949 when many of us parted company. Actually, since no one else volunteered, it fell to me to try to get the job done again. This I have tried to do and hope that my errors may be overlooked due to my advancing age, bad eyesight, bum knee and numerous other deficiencies that I can't think of right now.

But I find it strange that getting you old folks to jot down a few lines to help me in this endeavor has been like "pulling hen's teeth". After all, every class from time immemorial have done this for their 50th, but I sincerely hope you will enjoy many evenings reading through the booklet. You may have misplaced the original 1949 Scroll, but hope this one finds a place under the socks in your bureau drawer. (Your grandkids will get a kick out of reading it many years hence.)

As I had said once before, after reading your short notes in years gone by, we are a very diverse group. Members have covered the earth from one end to the other, from under the sea to the heights above, from the H-bomb testing to Flying the Friendly Skies.

So many have said in their letters, "Where have all the years gone?" Yes, during those years, more than thirty of us have passed on, yet, the rest continue on through the game of Life. Sorrow comes in many forms but joy finds many avenues to permeate our lives. Some have found happiness in a new mate to share the years remaining; some have found new joy in a new awareness and understanding of their God and in serving Him. Some have found pleasure in their new-found carefree years.

How many times have I just printed NEW? So, here we are, finishing with the old 50 years and starting with the NEW 50 years, just in time for the NEW Millenium 2000. Funny, how that word has just popped into the consciousness (and in everything) Millenium Y2K!! Are you ready for it??

I think the Class of 1949 is ready, just like we have been for the last 50.....

GOD BE WITH YOU TILL WE MEET AGAIN Sharon Bowes Witcraft

Consider this a pre-paid ad for a volunteer to do the next BHS Scroll updates!!!!!! It's been fun, but it's time to share the joy.

REFLECTIONS FROM RALPH

It is hard to believe that this is our 50th anniversary from our graduation day from high school. I guess that means we are now considered survivors. Reflecting back we have seen many changes during those 50 years.

We were born before television, polio shots, penicillin, frozen foods, Xerox, plastics, contact lenses, frisbees, and the pill. We were born before radar, credit cards, ball-point pens, pantyhose, dishwashers, air conditioners, electric blankets, drip dry clothes, and before man walked on the moon.

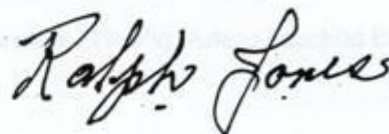

In our time, closets were for clothes not for "coming out" of. Designer jeans were scheming girls names Jean or Jeanne. We had never heard of FM radio, tape decks, C.D.'s, electric typewriters, artificial hearts, word processors, yogurt, guys wearing earrings, and girls wearing tatoos. A computer was a human person who was smart in math. Hardware were things sold in a hardware store, and softwear was ribbons, doilies and cloth material. A chip meant a piece of wood, and a mouse was a rodent. If you were on line it meant you got a phone that was not on a party line, or in some rural areas it meant you finally got electricity.

Made in Japan meant junk, and the term "making out" referred to how you did on your history exam. Pizza, McDonalds, tacos and instant coffee were unheard of. You could buy an ice cream cone at Boyds Dairy for a nickle and two scoops for a dime. You could make a phone call for a nickle, buy a coke, or enough stamps to mail one letter and two postcards. You could buy a new Chevy coupe for \$600, gas for 11 cents a gallon, but who could afford either one?

In our days smoking was fashionable, grass was something you mowed, coke was a cold drink, and pot was something you cooked in. A roach was a bug, and a crack was something you noticed when the plumber bent over to fix the leaky sink. Rock music was a mother's lullaby, and AIDS were helpers in the Principal's office. We were before the sex change and just had to do the best with what we had. I guess we were also the last generation that was so dumb to think you had to have a husband to have a baby.

No wonder we are so confused, but we survived! What better reason to celebrate a 50th reunion!

Ralph Jones

The joy of seeking classmates and the fun of finding them was mixed now and then with the sadness of discovering those who are deceased. It had to be, of course, for 50 years could not pass without taking with them some of our friends.

We share the loss of them, but we also share the hundred ways all of us were made bigger through knowing them.

Democracy at Work in the School

Joan
Cunningham

We are preparing ourselves to take an intelligent part in the democratic governing of our community by gaining experience in choosing leaders. Because we have had practice in electing those who are well-fitted to hold our school offices, we shall be able to do a better job of voting for officers whose decisions will affect our lives in future years.

All students in the senior high school voted for a student-body president last fall. Virgil Byerly was their choice. Ambitious and open-minded, he has a high scholastic standing. He has also been outstanding in sports, particularly basketball.

Because they liked Dick Bridges' winning smile and unassuming manner, the senior class elected him president. Dick is one of our promising art students as well as an important part of the football team. The seniors feel that Don Houser, their vice-president, is 100% democratic in his friendly attitude toward everybody. Most of us will remember him in the midst of a basketball game. Joan Cunningham's ability to organize, coupled with enthusiasm and a congenial disposition, won for her a place as secretary. As she is feature editor of the Bumble "B," she seemed a natural choice for this office.

Jim Berglund, the good-natured, easy-going president of the junior class, has been a member of our swimming team the past two years. The quiet, dependable vice-president of the junior class, Denny Klute, was manager of the sophomore basketball team and has been out for football and track this year. Mari Jo Olson is their vivacious little secretary who is always ready to smooth over a difficult situation. She has won honors in speech work and for her work on the business staffs of both school publications.

Our sophomore class is glad to cooperate with their president, Bob Swank, because he always manages to see the pleasant side of things. Bob likes sports and is a promising athlete. Floyd Schoff is so friendly, cheerful, and dependable that his class made him vice-president. As Lorene Collis's classmates feel she is reliable and always understands things well, she was chosen for secretary. She plays basketball, too, and is in chorus, band, and orchestra.

We are very proud that our school is moulding both good citizens and leaders for them to follow in the world of tomorrow.

Things to remember:

This is your party; parents are to be your chaperones. Your manners should be those becoming to Junior High people. All the sponsors want you to have the time of your life.

The doors will be open from 7:30 until 8:00. After this time no one will be permitted to leave or enter.

Tickets should be purchased this Friday, March 22 from your home room presidents. One half of your ticket will be for admitance --the other half will be for your refreshments. Please have the exact change.

Last year the party was a huge success--thanks to YOU---so do your part to make this even better. Mystery --suspense? Yes.

General information for teachers concerning Junior High Party.

The chaperones and their respective host and host are:

Mr. and Mrs. Paul Stark (Dora Beth Munsell)
Mr. and Mrs. Virgil Byerly (Merna Collis)
Mr. and Mrs. George Matson (Nancy Waychoff)
Mr. and Mrs. Bert Holst (Marilyn Miller)
Dr. and Mrs. Kenneth Collis (Barbara Barnard)

The guests and their host or hostess:

Mr. and Mrs. A.B. Grimes (Donald Dheil)
Mr. and Mrs. Arnold Steintjes (Bob Jensen)
Mr. Beem and Mrs. Beem (Joyce Huthison)
Miss Vaughn Thornturg (Jane Sellers)

Serving:

The chairman of the respective committees will serve their own teacher sponsor. These pupils will present tickets with the names of the chaperones, guests or sponsors on the reverse side of the tickets. Chaperones and guests are to be served first.

The procedure for serving:

The students will use the north stairway leading from the gym proper to the balcony; present their ticket at the refreshment stand; proceed to the stairway at the south end of balcony and descend to the gym.

Everyone will kindly return empty bottles to their proper receptacles.

Checking and checking out routine:

The boys will use the 'movie' room and the girls will use the cooking room. Hang on to your stub!!!

The checking-out procedure is as follows:

7th grade first; 8th grade second; and 9th grade last. You will file out from the south door of the balcony only. If you desire to check out with someone from another grade, you may do so, but you must check out with the one in the more advanced grade. If anyone loses their 'check stub', they must wait until everyone is checked out before they can get their wraps.

Teachers have agreed to the following assignments:

For serving of refreshments:

Mrs. Henry gym floor--north stairway
Miss Ulferts balcony at head of north stairway
--leading from the gym.
Miss Bone gym floor at foot of south stairway.
Miss Martin balcony at the head of south stairway leading from gym

For checking out:

Mrs. Henry gym floor north doors
Mrs. Krieger balcony north doors
Miss Schorman " " " " " "
Miss Ulferts gym floor south door
Mrs. Martin balcony south door
Miss Bone " " " " " "

Mrs. Belden, Miss Emmons, and Miss Harken will kindly act as a courtesy committee to thank the chaperones for their presence etc.

Hi-Tri and B-Y-Ettes

This year the two Y groups have engaged in many worthwhile activities.

Both groups have visited the Eastern Star Home where they conducted worship services. Packing a complete outfit for a boy or girl in Europe was another project in which both groups participated. Hi-Tri also sponsored Junior High Religious Emphasis Week.

At Christmas Hi-Tri went caroling, while the B-Y-Ettes gave a party for the children at the Crawford Home.

Educational topics, such as travel and vocations, were used as themes by speakers in the Hi-Tri meetings during the course of the year. The members of the B-Y-Ettes were benefited by talks concern-

ing intolerance, "teen life," and various subjects of interest to homemakers.

The advisers of Hi-Tri, Miss Vaughn Thornburgh, Miss Margaret Turner, and Miss Rebecca Stone gave their assistance in directing the activities.

The officers were Joanne Smith, president; Joan Cunningham, vice-president; Avis Cline, secretary; Barbara Barnard, treasurer; Jo Ellen Lane, publicity chairman; Beverly Canady, program chairman.

The B-Y-Ettes were directed by their advisers, Mrs. Helen Henry, Mrs. Harriet Williams, and Miss Rebecca Stone. Acting as officers for this group were Mari Jo Olson, president; Mary Lou Petersen, vice-president; Patricia Mallicoat, secretary; Beth Hudson, treasurer; Zelda Cline, program chairman.

Hi-Y Club

"To create, maintain, and extend high standards of Christian character"—this is the purpose of the Boone Hi-Y Club. To accomplish this, the Hi-Y Club sponsored Religious Emphasis Week.

Better citizenship was encouraged throughout the year by several civic leaders who spoke to the club. The annual hayride and dance at the "Y" camp was an outstanding success, as was the Hi-Y Club joint meeting with a representative group from the Ames Hi-Y.

The members of the Hi-Y pledged a sum of \$50

for overseas relief. The splendid work and success of the Hi-Y can be largely attributed to the hard-working officers and the capable sponsorship of Mr. Jack Tillson.

We Work...

Boring? No, it's a lot of fun to find out new things. We used to fuss because we had to study. (We still let out an occasional moan just for effect.) Even though we wouldn't admit this to our teachers for the world, we are beginning to value knowledge and even **enjoy** classes!

We Play...

Looking forward to our parties and back on them is half the fun. They are the frosting and spice which make school extra special instead of just interesting. Our social season began with Homecoming in the fall, which was followed by the Sadie Hawkins Dance. There was the Christmas Formal during Christmas vacation, besides many private parties. The Quill and Scroll covered dish dinner was held after school started in January; then came the Valentine Formal and in May the Quill and Scroll formal banquet. Of course through the year there were the pep assemblies, the dances in the gym after the basketball games, and the Grid Club. But the biggest event came last—the Junior-Senior Prom—a fitting ending for a senior's social life in Boone High.

I married Lyle Sturtz on September 18, 1949. We had been going together for over two years. I moved to the farm after our honeymoon, where we still live.

We have raised feeder pigs (I was in charge of the farrowing house); had a beef cattle herd, a dairy herd, raised mink (no fur coat – my choice). We raised corn, beans, hay and oats, a typical Iowa farm. Because I like to help on the farm so much, I never worked outside the home.

We are parents of three daughters: our oldest, Marie Mackie, lives in Boone with her husband, Larry and three of our grandchildren, Brett, Mollie, and Audra. Our middle daughter, Colleen Hansen, lives in Whittemore, Iowa, with her husband Lyle and our other three grandchildren, Micah, Aaron & Charity. Our youngest daughter, Jennalee, lives in Nevada in a North Central Human Services group home. She has autism and has been a real challenge.

We have always been active in our church, St. Paul's Lutheran, north on Hwy 17 just west of the tall phone tower. We both taught Sunday School, Lyle has taught Bible Class, been an Elder, school board member, & Vice-President of the church council.

He is a board member of North Central Human Services and we both have worked on the fund raisers for the group home. I have held all offices of the Ladies Society. We are also very active in the Autism Society of Iowa, helping to get it started.

We are now retired and we like to fish, keep the farm looking nice and the buildings in good repair. We like to travel and camp and have been in most of the 50 states. We are planning to celebrate our 50th wedding anniversary this year on September 18th at our home. You all come.!

Like most of you, these past 50 years have gone by quickly. Some ups and downs, some good times, some bad times; but all in all, they have been great years for me and they have gone something like this:

- 1950-54 Nursing school at St. Catherine's in Omaha; graduated with a degree as nurse.
- 1954-55 Boone County Hospital, floor nurse. Married Bob Powers of Boone
- 1955-56 Washington, Iowa, house wife. Daughter Kim was born.
- 1956-58 Fairfield, Iowa, housewife. Second daughter Kris was born in 1957
- 1958-61 Des Moines, IA., housewife
- 1961-63 Decatur, IL., housewife. Son Robert was born in 1961
- 1963-68 Dubuque, IA, part time floor nurse at City Hospital. Daughter Barbie was born in 1964.
- 1968-72 Akron, Ohio, part time medical floor nurse at City Hospital
- 1972-77 Boone Co. Hospital, full time Med surgical floor nurse. Married Don Riemenschneider in 1975. Our family increased to six children and two Grandchildren.
- 1978-85 Jo Krug and I shared a partnership in a gift shop (The Grossmutter Haus.)
- 195 – Present Retired, enjoying the grandchildren, camping, sewing and crafts. Have also worked part time as a salesperson in a dress shop and receptionist at the Eastern Star Home in Boone. Our family now consists of 14 grandchildren ranging From 10 months to 28 years of age.

Two Sons

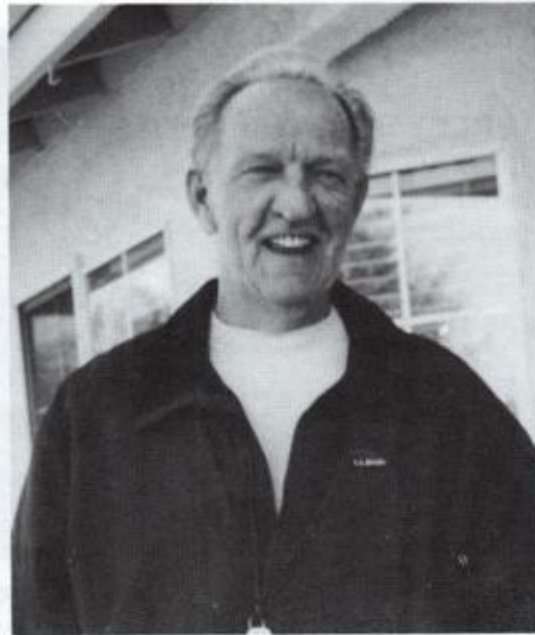

I married Don in September following our June graduation and have two sons, born in 1951 and 1952, so we will celebrate our 50th this year.

Had many jobs over the years. My last employment was at Woodward State Hospital, where I worked a special unit for male sex offenders. Worked most of my 15 years there with these clients.

Since my retirement, I sing with a band called "The HOOTannay's" and also do gigs occasionally with the piano players.

Having a great time at this stage of life, hope the rest of you are, too.

Seven Children
Five step-grandchildren
Three step-great grandchildren

I was married to Byron Surface for 31 years. We were divorced. He died in April 1997

We have seven children, Lynett Starek, Sandra, Rev. Robyn Plocher, Hope Wiley, are graduates of Westmar College. Also, Michael, Christopher, and Heidi. All are married except Sandra and Heidi. They have all grown up to be teachers, preacher, social director in special fields, office workers, etc. and most live in Iowa except Christopher and wife & family live in Greenville, MS.

Hope, Michael and Christopher are adopted from Korea. Heidi was adopted from India. I also have a foster son, Tri Ngyuen, who has a masters degree in International Finance. He is vice-president of his division in a large bank in Seattle. He speaks five languages and travels throughout the world for the bank. He is also co-owner of a travel agency. I met Tri when I was in Vietnam during the war. His family escaped and our family personally sponsored them and brought them to Iowa as the first Vietnamese refugee family. They also live in Seattle, are very hard workers and have done very well.

We had an exchange student from Brazil, Cely. We had other children in our home for short periods of time.

As my husband was a minister of the Methodist Church, we moved around quite often, mostly in Iowa and Minnesota. As such, I was always active in church, school and community positions. When I lived in Rochester, MN, the mayor appointed me a city commissioner on the Human Rights Commission.

I have done three study trips to Korea, took slides, gave lectures and aided many families to adopt Korean children. I went so South Vietnam during the war, and what I saw there will be with me forever. My work was featured in a Des Moines Sunday Register Picture magazine a number of years ago. I was "Woman of the Year" in the Fort Dodge Messenger.

Although I was always very busy, I always put my family first. During my Vietnam orphan work, I spent time on the phone with Washington, DC about the complicated paper work involved in trying to bring the orphans to the United States.

I studied and was licensed to preach by the United Methodist Church. I did supply preaching and really enjoyed that. When I got A's in Speech while at Boone High, I never dreamed that I would do so much public speaking. While living in Rochester I was employed as a secretary and sales person for Zales Jewelers, and later worked for the firm in Ames and Des Moines.

I had other brief jobs, but always my main job was pastor's wife and a mother. I enjoyed being a homemaker and loved to hear my children call me "Mom" and my grandchildren call me "Grandma Evie."

Retirement hasn't been what I had hoped for because of health problems. I sometimes feel somewhat useless, although I help with Heidi a lot since she is disabled. I just don't know how the years have gone by so quickly. It certainly doesn't seem like 50 years since we graduated. I will look forward to meeting all of you and reading about what you have done the past 50 years. I also grieve with you the deaths of classmates.

After graduation I attended college and served in the U.S. Army. I received my law degree from the University of Iowa in 1960 and practiced law in Marshalltown until 1966.

In 1967 I moved to Chicago, IL, to continue the practice of law and met and married my wife, Bobbie. We have two children, Amy (age 29) and Susan (27).

In 1982 I retired from law in Chicago and moved back to Boone. I accepted a position teaching in the College of Business at Iowa State University, starting in the Fall semester of 1983. I am still teaching and have no particular plans to stop because it is a very enjoyable experience.

Bobbie and I enjoy each other's company and share the common interests of golf, travel, reading, antiquing, and occasionally seeking our fortune at local casinos.

After graduation from Boone High in 1949, I attended the University of Illinois where I majored in music and received my Bachelors degree. That was followed by military service in the Army. I was trained as a combat engineer but was fortunate to get into the Sixth Armored Division Band, which kept me out of Korea. I ended up being the band leader as our commanding officer got transferred and I was put in charge on an interim basis. In 1954 I got married to Ann Murphy whom I met at the U of Illinois. Annie was a vocalist and music major, so we stayed in good harmony, all in a major key, right up to the present time. We have three children, Leslie Ann (1956), Laurie Kathleen (1959), and Daniel John (1961). All are happily married and we have eight grand children.

After the Army, I returned to the U. of Illinois where I held graduate assistantships in the School of Music, teaching trumpet and the Band Department where I conducted bands and did a lot of grunt work. I also worked part time in the Urbana, Illinois Public Schools and played a lot of dance jobs. In 1957 I took a Supervisor of Music position in the Taylorville, Illinois Public Schools, which included conducting the high school and junior high bands and teaching instrumental music in the elementary schools. This lasted only one year as I accepted a position at the U. of Kansas as Professor of Trumpet and Assistant Director of Bands, which really meant I was Director of the Jayhawk Marching Band. In 1968 I became Director of Bands at KU. In 1970 I was offered the Director of Bands position at Michigan State University, which I accepted. In 1978 I was asked to become the Director of School of Music at MSU which I did for ten years. In 1988, the band director I had hired to replace me left MSU and I had the choice of staying on as Director of the School of Music or returning to the Director of Bands position. I chose the bands, as I wanted to retire in the profession I had been trained to do.

Retiring as a band director was a wise choice for future activity. When I officially retired from MSU in 1994, I embarked on a very busy retirement schedule which has included a full schedule of guest conducting, teaching, and adjudicating throughout the world. My work has taken Annie and me to Europe, Scandinavia, SE Asia, Australia, and Mexico, and all over the United States several times. Most recently I held a three month conducting residency at the Musachino Music Academy in Tokyo, Japan. We have been very fortunate to have good health all our lives and also the energy and curiosity to stay busy and involved in whatever circumstances we find ourselves. We are now living in Northern Michigan in a beautiful setting right on the banks of Lake Michigan. The sound of the water, the wind in the pines and the sight of incredible sunsets will keep us here till time runs out.

James P. Witcraft (Boone)

Grandchildren Tim Fecht
Brandon Witcraft
2 step-grandsons in CA
2 step great grandchildren in CA

Married to Edgar Witcraft (class of '48). We built our first home on the east side of Boone 46 years ago and moved to the Story Street address in 1962. Edgar was in floor covering trade until 1992 when he was forced to retire due to ill health caused by the materials he worked with. We owned and operated a retail store in downtown Boone from 1960-1965; I worked the inside business, sales, bookkeeping, etc.

I was an active PTA member for 24 years, both at Trinity Lutheran and the PTA City Council, served as a Cub Scout den mother for 13 years; 37 years as precinct chairman in the Boone Democratic Party, 20 of those as publicity chairman. I received my Real Estate License in 1978 and spent six years as a sales agent in Boone. October of 1984 I began working for the Iowa State University Photo Service located in Morrill Hall and the fall of '94 moved to the Controller/Accounting office where I still work.

We took many camping vacations with the family beginning in 1965, covering most of the western states and Canadian Rockies, and many fishing trips to Minnesota. By a chance meeting, Edgar was able to go deer hunting in Wyoming with a group from Boone in 1969, and all but two or three of the years since, we have gone and stayed with the same ranch family, hunting deer and a few times antelope. On a number of those hunts, Dave and Jim have been able to go along, both have shot three or four mulies with fair sized racks. Three days of walking and climbing at 6000 feet was all we were able to do at that altitude. One of those years, I was the only one to get my deer, and I was all by myself. Experiences never to be forgotten, and still hope to be able to go a few more times.

Over the years we have enjoyed water skiing and snowmobiling, golf and trap shooting, and some buckskinning, but my main hobby remains photography.

Edgar and I have spent about 20 years as county co-chairmen/teachers of the county IOWA DNR Hunting and Safety Classes and last year were honored to be recipients of one of the Governor's Volunteer awards. That office awards about 300 yearly at ceremonies around the state.

After fishing for the wiley walleye for most of 40 years in the northern reaches, in July we hit the jackpot in Lac Suel, Canada, and now have what are considered "trophy size", mounted to enjoy. Many others from that territory are larger, but to us they are the fulfillment of a long dream. Hope to try again next year, even though the four of us had to release more of a goodly size than we've caught the last twenty years.

Barb and I are delighted that we'll be able to be in Boone for my 50th Anniversary. Enclosed is a check for \$45 for the Saturday night dinner. We have decided that we will not take the train trip.

I have also enclosed a picture of our family taken at a 40th anniversary party our children hosted for us at the Piedmont Driving Club. My daughter, Pam Watkins has a daughter, Elizabeth 3 1/2, and a son, Thomas 16 months. Pam is an attorney, but I'm her only client at this time. Her husband, Scott, is a vice president with Robinson Humphrey. My son, Bucky, is not married and is a Manager with Real Estate.Com. He and two other associates have a corporation that handles investments for some European clients.

We like to travel and have had some great trips to China, England, France, Italy, Germany, Scotland, Denmark, Norway, Sweden, Finland, the Soviet Union, Poland and Turkey. We tend to go back to England and Scotland where we do research on Barb's genealogy. I still do some work for Ford on a consulting basis and play golf two or three times a week. We are in a couple of bridge groups and play duplicate at the club once a month. We are the only child sitters that my daughter has had, so we spend a good deal of time with Elizabeth and Thomas. (Of course, they are good looking, brilliant, and great children.)

We look forward to seeing you the weekend of the 24th-26th.

Our high school romance survived Physics and Radio classes under H.L. We attended Iowa State, were married our last year in college and moved to South Bend, Indiana upon graduation.

Dick worked for Bendix Corp. and South Bend Tackle before starting his business in 1964. The business was a supplier of electrical assemblies to the appliance industry. The company supplied the first wiring assemblies for the Amana Radar Range. After selling the company in 1980, we have been involved with work in the mission field, including the Dominican Republic and Zimbabwe.

Jo has pursued an interest in pottery and has been active as a potter for the past 20 years.

In addition to involvement in the lives of seven grandchildren, we are bicycling enthusiasts and enjoy rides with the Elderhostel program for gaining a new awareness of the history and culture of various regions and locals.

My father, H.L. remained active, often visited by previous students and playing golf into his early '90'. He passed away in 1995.

After graduating from high school, I moved back to Des Moines, the place of my birth and elementary school year. I lived with my brother and sister-in-law and had my first job at Bankers Trust Company in the proof and transit department. My mother bought a house in Des Moines and our family all moved back to Des Moines.

I got a job as a bookkeeper at Valley Bank & Trust Company and I worked there for several years. A friend introduced me to a fine young man from Woodward, Iowa. We married March 14, 1959, after dating a few years. I retired a year later to be a full-time mother to our first daughter, Marilee. Our second daughter was born in 1963. Life was busy and good for us. I made the greatest decision of all in March of 1949 when I committed my life to Christ. My husband and I have been active in many ministries at our church over the years.

Life and never been boring for me. Each year we vacationed in a different state, visiting the capitols of every state and a few outside of the U.S. We have much to be proud of here in Iowa for we have one of the cleanest and well kept capitols of all. I've enjoyed sewing, and have made bridesmaid and flower girl dresses for a few weddings. I love to garden and always enjoy beautiful flowers.

In our later years we have been greatly blessed by the marriages and lives of our children and grandchildren. Marilee married and moved to Minneapolis. The birth of her son, Eric has been reason to make many a trip back and forth over the last 16 years. Our daughter, Laura, is married and lives in Ankeny. She has two girls, Brianna is 10, and Courtney is 7. They have brought us much joy as we have watched them grow up.

I went to work as a route salesman for Randy's Meats in 1956 and retired from there in 1993. My wife, Beulah, was killed in 1995 when a semi-truck crashed into our car at the So. Story/Highway 30 junction. We were both in the car; the driver failed to stop at the stoplight.

We had a long, happy thirty-eight years together, and I had 36 years of "hard-easy" sales work with Randy's.

In picture, from left are Lori Davis, Milo, Jr., Debbie Musser, and Cindy Lingren. Daughter Rhonda Pervier was unable to make it for the picture.

I have been taking some college courses and keeping busy with volunteer work with AARP, presently serving as president.

I moved to Omaha immediately after HS graduation, then in the fall to Westmont College in Santa Barbara; graduated from Westmont in 1953, moved to Long Beach with other Iowans and taught grammar school for six years, with summers in Hawaii and Europe. Arney and I married in Long Beach in 1959 and moved to Santa Barbara, where I still have former college friends and room mates.

In June 1960, Arney and I ordered a VW bug to be delivered in Zurich and spent the next 15 months driving through 33 countries in Eastern and Western Europe, North Africa, and the Middle East. After the main trip, I taught for one year at an Air Force dependent school in Wiesbaden, Germany. Arney worked for a Philco subsidiary.

We returned to Santa Barbara in July 1963. Mark was born in October. Corinne was born in June 1965. I gave up teaching when the children arrived, except for participation in their pre-school for several years. We re-toured Europe with our teen-age children in 1980, staying half of the time in the homes of friends we had met in the 60's.

Mark and wife Sabine (from Vienna) (and our expected second grandchild) are moving back from San Francisco to Los Osos (near San Louis Obispo – where his main (WORLD WIDE WEB Associates) business is located. Corinne and husband, Tim, and our two year old granddaughter, live in Littleton, Colorado (one mile from the school) and are doing fine. Corinne is a financial planner and Tim is with Anderson Consulting.

We recently bought a mobile home for semi-retirement and are still settling in. I used to help Arney with his business ventures, but for the past twelve years I have worked part-time at Santa Barbara Community College, where I received a Business degree several years ago.

While teaching in Germany, I bought a recorder and found active performing groups in Santa Barbara, with whom I still play each week. I have also volunteered as an usher for many years, so have the opportunity to see both local productions and world renowned musicians, vocalists, dancers and other performers (including a few rock stars –it goes with the package) all within ten minutes of home.

The following January, the 29th of 1950, I married a guy from Stratford, whom I met at the popular roller skating rink in Boone. His name was Eugene (Buz) Westrum, who was a farmer.

We lived on a farm north of Ridgeport for 39 years; there we raised our three children. Two daughters, Renea, who married James Poyzer of Boone, Rhonda, who married Denny Bell of Jewell, and one son, Tracy, who married Konnie Klaver of Stratford. We have eleven wonderful grandchildren ranging in ages of 20 years to 2 ½ years. There are six grandsons and 5 granddaughters.

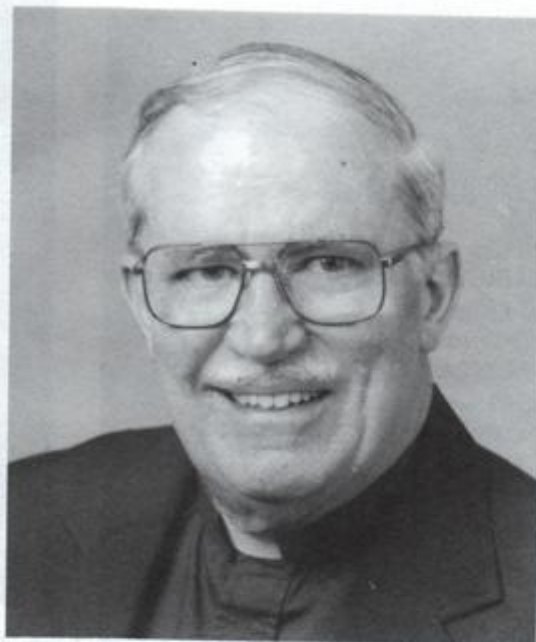

During these wonderful years, we have met lots of friends and relatives. We were blessed with vacations to Minnesota, Hawaii, Spain, South America, Florida, California, and many other places.

While the children were growing up and until they graduated, I was at home with them. It was after they were grown I decided to get a part time job at Walt's Hallmark store in Boone. I worked there nine years.

When we left the farm in 1989, we moved to Stratford where I still reside. My husband worked at Frigidaire in Webster City and I got a part time job at the Family Pharmacy in Stratford. In my spare time I enjoy being with my children and grandchildren, crocheting, quilting, and any other crafting.

My husband was diagnosed with lung cancer in 1998 and passed away in February of this year. We had 49 wonderful years together.

I was discharged from the US Navy after a four year enlistment in October 1954.

Attended Iowa State University for one year in a pre-engineering program.

Attended Cheighton University in Omaha for one year, while trying to decide on a religious avocation.

Attended and received my B.A. degree from Saint Paul Seminary College in St. Paul, Minnesota

Attended summer school classes at Loras College in Dubuque while working toward a teaching certificate in Iowa.

Attended Mount Saint Bernard Seminary in Dubuque for four years, majoring in Sacred Theology.

Ordained a priest at the Cathedral of the Epiphany in Sioux City on June 1, 1963. I began my service in the priesthood for the Diocese of Sioux City almost immediately.

I have attended one or two professional seminars and workshops each year since then in various cities in Iowa, Minnesota and Nebraska.

I have served in pastoral ministry in the following parishes here in the Sioux City Diocese:

St. Patrick's Parish and Grade School in Estherville for about 5 ½ years.

Immaculate Conception Parish and Grade School in Sioux City for 2 years.

I became Pastor of the following Parishes:

Assumption Parish and St. Joseph's Parish in Merrill and Ellendale, Iowa. 3 years.

St. Mary's Parish and Grade School in (Willey), rural Carroll for 10 years.

St. John's Parish in Ogden for 7 years, with part time teaching in Sacred Heart Grade School in Boone.

Holy Name Parish in Marcus, IA for 7 years.

St. Michael's Parish in Kingsley, IA, currently.

I plan to retire in July 2001, at the age of 70, which is the traditional age of retirement in our Diocese. I am beginning to look at different possibilities and locations for my retirement years. I think that it would be nice to get back around the Boone area.

1 daughter – Dana
2 sons – David & Jess

I can't tell you how sorry I am I can't be in Boone on the 25th. Unfortunately, I am not retired and that week is Parent's Weekend here at K.U. We have activities all day and I will be hostess to about 150 all day. Any other weekend I could get away.

Presently (for the last 7 ½ years) I am the House Director (or Mom) to 80 Phi Gamma Delta young men here at Kansas University. When my husband of 37 years went through change of life at age 62, I moved from Hutchinson and took this job. I love what I am doing and having a lot of college kids around has changed my life style. Never drank beer when I went to College, but I've changed my ways now. Lots of parties and activities to keep me busy.

Still have three children and seven busy grandchildren. My daughter, Dana, now lives in Maui, Hawaii, with husband and two children. Her husband, Bruce, is director of corn research for DeKalb and their research fields are in Maui. It's just terrible that I HAVE TO go see them over Christmas break and Spring break.

Son David lives in Hutchinson with wife and two children. He just left the bonding business to become business manager of one of the largest school districts in Kansas.

Son Jess is a lawyer living in McPherson, Kansas, where he is general counsel for Alliance Insurance. He and Kim have three children.

All my children have become avid golfers like their mother and I have a granddaughter who is a junior in high school and a top high school golfer.

I still golf regularly, support the Jayhawks sports teams and we now have a wonderful theatre here on campus to see Broadway shows and performing artists. I live in the fraternity house and have had the pleasure of lovely, close relationships with young men who call me Mom. I have a great feeling of helping them deal with growing up, so I am giving back to many.

Know I am late with this information, but at least you will have some facts to relay at the reunion. My printer isn't working right now so you get the pleasure of trying to read my writing. None of my family accept hand written correspondence.

Please give my love to everyone – I'll miss all of you.
