Band

Enjoying the modern facilities of the new band room, the Boone High Band, directed by Raymond Bartholomew, completed another successful year.

Besides performing their marching duties very admirably this year, the band also made two major concert appearances. The band performed in the school Christmas concert and also in their annual March spring concert. Included in the spring concert were such selections as German's *Richard III Overture*, *Pax et Labor* by Pares, and Grofe's *Mississippi Suite Overture*.

Recognition should also be extended to the band small groups who performed throughout the school year.

Orchestra

Musically speaking, the Boone High Orchestra, under the direction of Konrad Scholl, performed in its usual excellent fashion. However, one aspect was different this year. This was the first year for the orchestra to enjoy the modern facilities of the new school addition.

The orchestra made two major appearances this year. One was at the December Christmas concert; the other was at the annual spring concert in February. Included in the latter concert were such selections as Tchaikovsky's *Pathetique Symphony*, *Oberon Overture* by Von Weber, and Kreutz's *Mosquito Serenade*. Orchestra small groups also performed very admirably throughout the school year.

Hard work paid off this year for Mr. McCartan and Miss Tillery, a newcomer to the speech department.

Mr. McCartan was in charge of the fall play, *Best Foot Forward*, and Miss Tillery supervised the spring play, *One Foot In Heaven*.

Darby Murken and Betsy Otto both received Division I ratings in the district Forensic League and advanced to state competition.

Three students, Darrell Kruse, Keith Josephson, and Wayland Swain participated in the Iowa Tuberculosis and Heart Association contest. Their speeches were broadcast over station KWBG.

ACTIVITIES

FIRST SEMESTER MEMBERS

Student Council

Our Federal Government has its Congress, our state and our local governments have their principal governing bodies, and we students of Boone High School also have our own governing body, the student council. Our student council actually is a governing body "of the students, by the students, and for the students." Through the years, the student councils at Boone High have always been dedicated to the same purpose—to devote their time and efforts to the betterment and general welfare of Boone High School. However, since the introduction last year of a new staggered-term system of election for members, the student council has become more and more efficient as time has progressed. With this in mind, the student council this year combined the experience of some of its members with the willingness and interest of all the members to make a very busy and efficient year.

SECOND SEMESTER MEMBERS

Student Council

Contrary to past tradition, the student body elected a girl to head the council the second semester. This very active and qualified person was Kay Narey. Assisting Kay the second semester were these officers: vice president, Jim Anderson; secretary, Bill Herman; treasurer, Charlotte Sawyer; and sergeant-at-arms, Mick Ferry.

OFFICERS

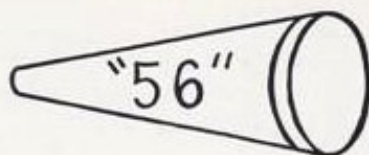

As is usual with the advent of the second semester, some of the old members were replaced, and others were re-elected, but always a number of the present members remain. This provides for the element of experience, which is so essential to an efficient governing organization.

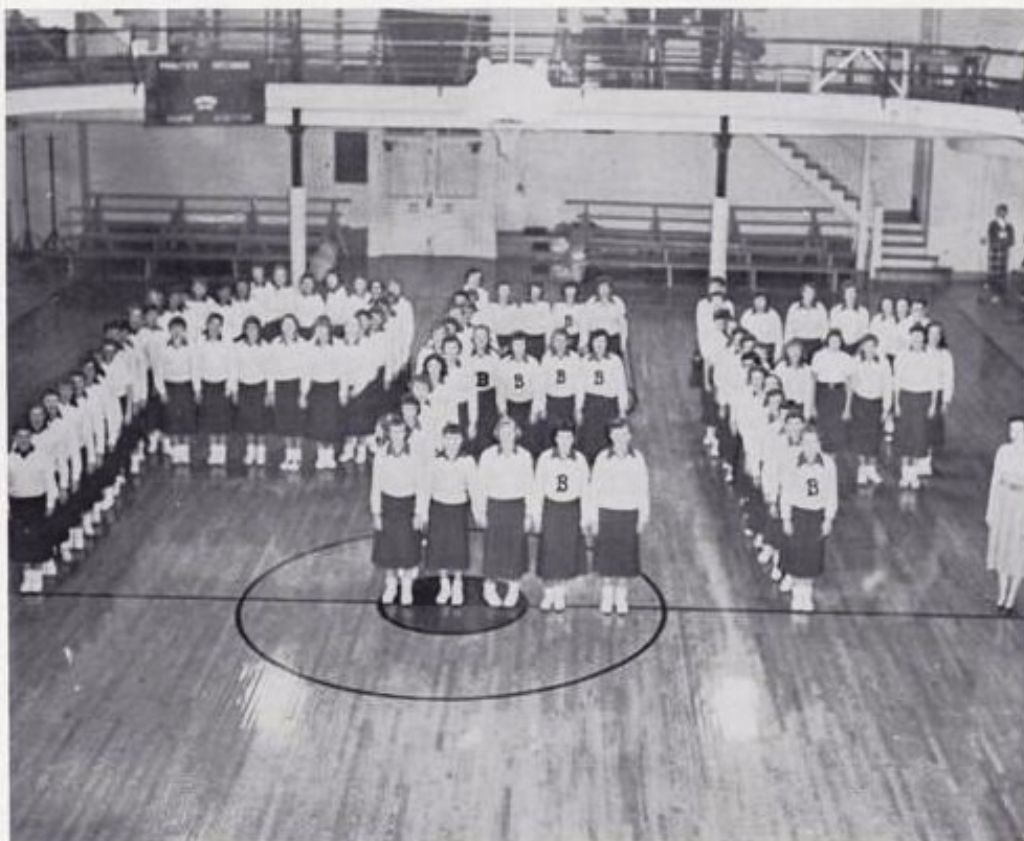

The duties and accomplishments of the student council during the second semester were very similar to those of the first semester. They might include the sponsoring of a school dance, raising money for a school project, or assisting the faculty in some manner.

Hats off to Mr. Lovin and the Student Council for an industrious and successful year.

One of the events of the Homecoming assembly was the presentation of a state flag to our school by Mrs. Leo Hoegh, wife of Governor Hoegh. Mrs. Hoegh, a graduate of Boone said it was her wish to better acquaint the students of Boone High with the state flag of Iowa. Shown is Darrell Kruse, president of the senior class, accepting the flag.

Dolphin Club

The Dolphin Club, under the sponsorship of Miss Vanderbeck, performed in its usual outstanding manner. The theme for this year's show was concerned with the history of our country. The first part of the school year was spent in writing numbers and initiating new members.
