

Sophs.

241 Students Make Sophomore Class

After quickly adapting to the rhythm of actual senior high life, and for the majority of the class, modular scheduling, the sophomores began a new learning experience.

In many diverse classes, sophomores discovered new concepts and understanding while acquiring necessary skills. With enthusiasm, talent, energy, and hard work, they created and enriched the activities, sports, and associations of Boone High.

A typical sophomore? No such creature existed. Every member of the sophomore class was an individual, each adding a unique part to the total of BHS.

Brent Clark, president; Becky Saggau, treasurer; and Pat Mahoney, vice-president; decide on the choices of the 1973 class rings.
