

The background of the page is a complex abstract design. It features a large, light-colored circle in the lower-left quadrant. To its right is a smaller circle filled with dense, concentric horizontal lines. The rest of the page is filled with a pattern of fine, parallel horizontal lines, some of which are slightly curved or wavy, creating a textured, almost woven appearance. The overall effect is one of depth and geometric complexity.

The background of the page is a complex abstract pattern. It features a large circle on the left side, which is mostly white but has a thick black border. To the right of this circle is another large circle filled with a dense pattern of concentric lines, creating a ripple effect. The entire background is composed of fine, vertical black lines that vary in density, creating a textured, almost woven appearance. The lines are more densely packed in some areas and more sparse in others, particularly around the edges of the circles.
