Toreadors huddle before the next play.

Toreadors running off the field

The Toreadors did great this season with 5 wins and 4 losses overall. In the district rounds they had 3 wins and 4 losses. Ranking them as the 5th team out of 8 in District 7. Although the team gave their all and put their hearts into it, they lost their chance to qualify for state. However, there were great games such as the win over Perry with the exciting last minutes of the game. Everyone on their feet, anxious, as anything could happen, and our Toreadors triumphed. All in all, the Toreadors had a memorable season!

Spirit Week this year was short, but that didn't stop any of the Spirit Week festivities. Powderpuff started the week off, followed by window painting. There were only four days of dressing up, the good thing was there were a lot of participants on class color day, 'er day, decade day, and spirit day. Spirit week ended with the homecoming game. Many people packed the stands to watch the last home game of the year.

## The Football game

Walking into the stadium ready to watch a great game that will be the last homecoming for some seniors. It will be some high schoolers first homecoming. While the football players play their hearts out on the field, the crowd cheers on the team hoping for a great victory. The cheerleaders yell loud 'B-O-O-N-E!' What was going through the players heads while coming on to the field, Senior Curt Widener says, "make every play one by one and and never look back on the last play." The football team played their hearts out and fought hard.

This year in volleyball they had many memories. The team really got to know one another and played well together. On every team there are some strengths and some weaknesses. This year they had a pretty young team, but that didn't stop them. They still all played well together but didn't win alot. Some of the memories the seniors had during their years of volleyball were, "When Emily hid in the ball bag and jumped out and scared coach!", said Sarah Zinnel. "The handshakes we came up with!" says Sami Seeman. "Making jokes and getting along with everyone!" says Emily Boehm. "When I spiked the ball as hard as i could and hit coach in the head and broke her glasses," says Lynsey Sunstrom.

### The Varsity Team

The Junior Varsity and Freshmen had a good season. They had many girls on the junior varsity team. They all played hard every game and practice. They had some injuries but that didn't stop them. The

junior varsity team was coached by Coach Hanson. The freshmen team also had a very small team. With that small team they still had a great season. The team was coached by Coach Krum. They brought it on the court.

# Boys Basketball

The 09-10 Varsity Toreador basketball team started off a new season in the Racoon River Valley conference. The team consisted of two seniors, six juniors, and five sophomores. With a young team, this year was a year of learning to be a close team. The boys had a tough season with some tough competition. After every game the boys found ways play better and to play tougher. Throughout the season the boys showed progression in shooting, offense, and defense. Although the team only won two games in the season they never let the losses get them down. After every game they held on and got ready for their next opponent.

# Track and Field Girls

Once the snow starts to melt that's when those running shoes come out from the dark hole in the closet to get some fresh air! Every year many ladies at BHS sign up to do track whether it to win a state title or just to lose those holiday pounds they gained, no matter what the reasoning is it's always fun. Practice would start after spring break and be everyday. It took lots of time and commitment to balance sports and schooling at the same time. You could always tell what girls were in track because during the school day they looked very tired from the track meet the night before. Although the track team this year had more underclassmen then upperclassmen, they gave 100% and became a strong team!
