

An abstract graphic design featuring a black background with several thick red lines. A vertical red line runs down the left side, and a horizontal red line runs across the middle. Other red lines of varying thickness and orientation intersect these, creating a grid-like structure. Three white rectangular boxes are placed within this structure. The first box, on the left, contains the text "'66". The second box, in the center, is empty. The third box, at the bottom, contains the text "CUB".

## EDITOR'S NOTE . . .

The pathways through college are memorable ones. We hope that through this book we have portrayed a span of these pathways to the future upon which each of us travels.

Education is in itself a wide and heavily traveled pathway. There are many forks in this pathway--each leading to some goal set by those who are traveling upon it.

Just as some roads are unpaved, so are some pathways to success unpaved. There are many rough and threatening sections. However, if the goal is kept in view, all difficulties can be surmounted, and the pathway will have served its purpose of furnishing a means of guidance.

We are proud of our faculty who are the guideposts along our pathway through college. Without them our trek would be difficult, indeed.

With all these things in mind, we present to you the 1966 CUB.

# FACULTY SNAPS . . .

J. Boyd Pestotnik, Lloyd W. Courter (president of the board), C.T. Howard (Secretary of the board), Donald F. Seaton (superintendent of schools), Joe E. Johnson, Don F. Kruse, and Dr. Gerald Sutton.

Substantial schooling given in a proper academic atmosphere is an essential factor for a student to establish a firm educational foundation. At Boone Junior College a qualified staff of teachers under the direction of a serious-minded administrative department aids students in establishing a substantial background in any desired field of education so that they can broaden the foundation upon which they are to build their lives.

School board members, meeting regularly once a month, made many plans concerning the college during the 1965-1966 school year. Busy members take time from their various occupations to plan the school program. The school board serves the all-important purpose of forming the vital link between the community and the schools.
