BOONE JUNIOR COLLEGE
Boone, Iowa

THE PRESIDENT'S MESSAGE

Donald F. Seaton

Boone Junior College is rapidly coming to the forefront of two-year institutions of higher learning in Iowa. This is due to the high academic standards maintained at the college, and the excellent records of transfer students in four-year colleges and universities.

Both of these factors reflect the dedication of the faculty to their students and the college and the student body spirit and morale, without either of which no institution of higher learning can become anything but mediocre.

Boone Junior College has a definite role to play in the post high school education of local and area high school graduates, both now and in the future.

THE DEAN'S LETTER

BOONE JUNIOR COLLEGE
BOONE, IOWA

E OF THE DEAN

Robert D. Heyen

Dear Students,

During the past eight years as Dean of the Boone Junior College I have seen many changes take place. I have seen a faculty constantly strive to work for excellence in education. I have seen students face the challenge of education and mature into young adults.

But there has been one constant--the reciprocity of friendliness that has prevailed between faculty and students. And that both student and faculty see education as a cooperative effort toward the good life in which the prime virtue will be "mankind is one in our striving to rid the world of ignorance and evil."

Respectfully,

Robert D. Heyen

THE SCHOOL BOARD

Left to Right: Mr. Lloyd Courter, Mr. J. Boyd Pestotnik, Mr. Donald F. Seaton, Mr. C. T. Howard, Mr. Don F. Kruse, Dr. C. T. Howard.
Not present for picture: Mr. A. R. Haleen and Pauline Curry.

We students of Boone Junior College owe a measure of gratitude to the Board of Education. Although we do not realize that they are working quietly "behind the scenes," our Board is at the head of the administration of B.J.C. and the Boone Community Schools.

One very large job this group does is study the curriculum to make certain that our courses are up-to-date. Another duty is having repairs made, rooms painted, and equipment checked. Besides making repairs, several changes were made this year, including an office on first floor for our new Counselor. Still a third responsibility is the complex budget for all the schools of the district which must be presented to the voters of the school district.

A member of the Board of Education gets little recognition for many hours spent with these laborious chores. We, the students, would like to say to all of you who play such a major role in our college life a very sincere "thank you."
