Evening School Is Mind-Expanding!

The evening school program on the Boone Campus offers a variety of liberal arts and business courses for adults unable to attend day classes and for full and part-time students. These courses are taught, for the most part, by regular college instructors from the Boone campus and other colleges.

Evening school provides a great opportunity for concentrated study, discussion, explanation and general mind-expansion!

BOONE'S NEW LPN PROGRAM

The Licensed Practical Nurse Program at Boone was initiated this year. The degree requirements are 4 quarters of attendance, with 632 class hours and 731 clinical hours. After one quarter, the students begin to undertake tasks under a supervisor at Mary Greeley Hospital, Ames, at the Ames Day Care Center, or at the Boone County Hospital. Before they are able to work as an LPN, the graduates must take the State Board examination.

The instructors at the Boone Campus LPN Program are: Marine Betts, Coordinator; Phyllis Sale, Bonnie Nelson, Mary Bliesmer, and Mary Oblinger. All of the instructors are Registered Nurses.

An open house was held early in the year to introduce the fine facilities to the people of the area.
