Nancy Parkinson Chosen Homecoming Queen

Mystics Play for Blue and White Ball

Miss Nancy Parkinson was crowned homecoming queen by Jerry Bravard at the annual Blue and White Ball held at the Legion Cabin February 17th. Miss Bonnie Bass, last year's queen, presented Nancy and her attendants—Janet Schroeder, Connie Miller, Ann McDermott, and Pat Frantz—with corsages, after introductions by Mike Miller.

The Mystics, a Boone High combo, provided dance music for the evening. Members of the combo include Fritz Westfall, Larry Kelly, Tom Mylenbusch, and Phil Seiler.

Blue and white streamers, colored balloons, and a garden fountain decorated the cabin and created a pleasant atmosphere for the ball. Refreshments were served from a table carrying through the college colors featuring a centerpiece of blue and white carnations. Blue punch and hatchet shaped cookies were served throughout the evening.

Mike Miller served as chairman for the ball, Pat Frantz as co-chairman, Jerry Bravard as honorary chairman, and La Verne Ivis as decorations chairman.

DEAN HEYEN
Boone Junior College
Boone, Iowa
DEAR DEAN HEYEN:

This is a note to tell you about my progress in the advancement of my education, and to tell you of my sincere appreciation for the college's high scholastic standard. I sincerely appreciate your goals and the goals of each instructor, which united have made the fine intellectual standard of Boone Junior College possible. I am indebted to each of you for a good educational foundation. The educational background I received at Boone Junior laid a solid basis for my continued education.

When I entered Iowa Wesleyan, rated high among the top third of all colleges in the U. S., I was prepared. Therefore, I had no adjustment problems. The first semester of the 1960-61 academic year I earned a grade point average of 3.56. The second semester of that year I earned a grade point average of 3.375. The spring semester is always more difficult for me, because of the increased work load in the church with Easter and all. The academic year of 1961-62 has seen me earn in the first semester a grade point average of 3.8. Before I began the 1961-62 year my cumulative grade point average for three years was 3.31. Unless something unexpected occurs I will graduate A. B. *cum Laude*. This honor requires 3.25, which I am well above. My major is Psychology. I have two minors; a first minor in English and a second minor in History. I have been accepted and will be attending Boston University for seminary and further graduate work.

Boone Junior's preparation is of such a quality that this record in education has been accomplished while serving the year of 1960-61 as pastor of the Douds and Selma Methodist Churches, which have a combined membership of 336. The year of 1961-

The purpose of the Institute is to bring teachers of undergraduate courses in Psychology up to date on contemporary developments in scientific psychology. The program of events will include: morning lectures by guest speakers, afternoon colloquia, coffee hours, extensive informal discussion periods, and some evening demonstrations in the six most important areas of psychology.

B. J. C. Sells Pins

B. J. C. year pins will be offered to the freshmen this year for one dollar. These pins were offered last year and the majority of the students bought one. These pins are gold colored and contain the initials B. J. C. with the year of graduation on another smaller pin connected by a chain. These pins are ordered from the Bale Pin Company. A sample pin will be placed on the bulletin board along with a sheet of paper for the interested students to sign.

Everything is funny—so long as it is happening to somebody else.

62 I am serving the Douds, Selma, and Lebanon Methodist Churches with a combined membership of 489. I daily commute one way 40 miles to college. I am a member of two college organizations: Oxford Club of which I was president in 1960-61, and The Intellectuals, an organization for juniors and seniors with a cumulative grade point average above 3.15, of which I am vice-president in 1961-62.

I often think of Boone Junior College, the instructors, and my former classmates. Combined they made my days at Boone Junior worthwhile and enjoyable. May I wish you, the instructors, the students, and the entire college the best of success.

Cordially yours,
[Signed] LOWELL E. HOYLE

On Tuesday, February 20th, almost every j.c. student and teacher was gathered in the first floor hall of B. J. C. to watch astronaut John H. Glenn, Jr., make his landing. Mr. Poyzer brought a portable television which was loaned by the Goodyear store. The television set was placed in the hall and was left on all during Glenn's flight. A few students stayed near the set during the whole four hours and 56 minutes, but the majority of students attended their regular classes. At approximately 2:15 P.M. all students were excused from their fifth hour class to watch Glenn's landing. John H. Glenn, Jr., landed at 2:43 P.M. and was picked up at 3:01 P.M. Watch for new innovations at j.c. The funds of the sweat shirt selling project of Delta Tau are giving the school wooden benches for the outside, which will be cemented in on both sides of the doors as you enter the j.c. from the south. College Buys New Skeleton

The Science Department of the Boone School System bought a human skeleton late last semester. It is a well-preserved human skeleton which was obtained from the Welch Scientific Company. The skeleton has movable wire joints and a movable jaw. It is the opinion of Mr. Morgan and Mr. Kittleson that the skeleton is a young male because of its light bone structure and the other features of its make-up.

Grinnell Students Debate Disarmament

On February 6th, three students from the Grinnell College delegation to Washington, D. C., to protest the resumption of nuclear testing in the atmosphere, held a discussion with the junior college student body at the j.c. by invitation of the Diogenes Club. Prior to the discussion, Mrs. Clark entertained the delegation and representatives of the Diogenes Club at dinner.

The group consisted of Bill Johnson, Mary Lou Beaman, and Cela Chorosh. Bill Johnson, as spokesman for the group, discussed the problems of disarmament, pacifism, and the dangers of nuclear war in an opening speech. A lively argument ensued between the delegation and the B. J. C. students. For example the delegates thought that the Russians would not move into Berlin if the United States moved out—the popular opinion at j.c. is that the Russians would move into the city. According to Larry Jackson, a participant in the argument, "The ideas expressed by the Grinnell students were too idealistic to be seriously considered by the school of *réal politique*."
